

OFFICE OF THE
ATTORNEY GENERAL

W. ANTHONY PARK
ATTORNEY GENERAL

BIENNIAL REPORT

1 July, 1970 -- 30 June, 1972

STATE OF IDAHO

OFFICE OF THE ATTORNEY GENERAL

BOISE 83707

W. ANTHONY PARK
ATTORNEY GENERAL

November 15, 1972

Honorable Cecil D. Andrus
Governor of the State of Idaho
Statehouse
Boise, Idaho 83707

Dear Governor Andrus:

Pursuant to the requirements of the Idaho statutes, I submit herewith, for your examination and the examination of the Forty-Second Session of the Idaho Legislature, the Biennial Report of the Office of the Attorney General.

In the two years that I have served as Idaho's Attorney General, I have been privileged to witness a rather dramatic increase in the responsibilities and efforts of this office. For example, the Office of the Attorney General now has, pursuant to Title 48, Chapter 6, Idaho Code, the responsibility for all consumer protection activities for the State of Idaho. In addition to the Consumer Protection Division of the Office of the Attorney General here in Boise, we have opened branch offices for the benefit of the consuming public in Pocatello, Idaho and Moscow, Idaho. Both of these offices are staffed entirely by student personnel and, in the case of the office at the University of Idaho, such staff works voluntarily and without pay. The services of all of the consumer protection offices are available to the general public and have been well received. We are most pleased with the results which have obtained from this effort.

Another significant new responsibility for the Office of the Attorney General is in the area of drug abuse control. As you are aware, the Second Session of the Forty-First Idaho Legislature transferred responsibility for narcotics enforcement from the Board of Pharmacy to the Attorney General. Pursuant to that legislation and with the aid of certain federal grants, we have been able to establish a statewide network for narcotic enforcement. We have established regional offices in Coeur d'Alene, Boise and in Pocatello for servicing of the Northern, South Central and Southeastern Idaho areas. We feel that a great deal of progress has been made in taking hard narcotics out of circulation and arresting and convicting those who would deal in the misery of others. For the first time in the State of Idaho a unified and coordinated effort is being made on a statewide basis to reduce and, hopefully, eliminate traffic in controlled substances.

Honorable Cecil D. Andrus
Page 2
November 15, 1972

In addition to the new activities mentioned above, the Attorney General's office continues to provide services to the various agencies of State government. It is appropriate to note at this juncture that the demand for legal services among State agencies has substantially increased over the last several years. In the last two years alone, the staff personnel in the Attorney General's office has doubled as a direct result of this phenomenon. We have established within the Office of the Attorney General a Business Regulations Division (under which consumer protection activities are also coordinated), an Environment and Land Division, Criminal Division, Agricultural and Labor Division and the Education Division. We have full-time attorneys assigned permanently to other agencies as follows: Tax Commission, 3 attorneys; Department of Law Enforcement, 1½ attorneys; Department of Agriculture, 1 attorney; Department of Water Administration and Water Resources Board, 1 attorney; Social and Rehabilitation Services, 5½ attorneys; Department of Employment, 2 attorneys; and Public Utilities Commission, 1 attorney.

I would like to point out that the reason for the increased personnel assigned to Social and Rehabilitation Services is that with the aid of a federal grant and the cooperation of this office with SRS, we have established branch offices in several Idaho cities under the direction of the Attorney General for the purpose of prosecuting welfare fraud cases, recovering monies from ineligible recipients and assisting welfare mothers in collecting delinquent child support payments. This has been a most productive project and has resulted in the recovery of a substantial amount of money for the State of Idaho.

Space does not permit further elaboration on the activities of this office in detail. I and my staff continue to be available to you and all other elected officials or agencies of state government in whatever a capacity you or they deem appropriate.

Respectfully submitted,

W. ANTHONY PARK
Attorney General
