Ph Mess for Ben Hardcastle

---

**Note**

LWCB for Ben Hardcastle with the school secretary, Vivian.

Upon call back, Hardcastle said he conducted an internal investigation where he interviewed 30+ involved individuals (students/faculty). As a result of his investigation, he meted out student disciplinary measures but no sanctions against faculty. He said he will cooperate fully with the investigation.

He will have available by the first part of next week:

School Policies (Bullying, Reporting)  
Diagram of School  
List of Faculty with contact information  
Student list with contact information  
Coaching/Football staff and players list  
Camera footage  
School Records forwarded to Texas (Howard)  
Investigative results and notes  
Student disciplinary files

Hardcastle said he is the contact person the OAG can go through for the district. He will need a subpoena and/or search warrant for internal investigation and above listed information. Identified Brett Walther with Anderson, Julian Hull of Boise as the district's legal counsel (208) 344-5800.

Hardcastle said this incident took place in the high school locker room after school. This is a k-12 school. He said there is 1 victim and 3 suspects and "a lot of ancillary witnesses".

He said one of the 3 involved students that we would classify as a suspect is 18 year old John R.K. Howard.

I spoke to Mr. Simons today. He had worked at Dietrich for 6 or 7 years in the past and has been involved in the education system, most of it in that area, for 30 years. The only information he had to give today was that he has heard from people at the school that there was no supervision in the locker room when this happened. He also wanted to point out that the non-LDS residents in the area think the LDS church will try to cover up the whole thing and that they have successfully covered stuff up in the past.

Spoke to Ben Hardcastle and he provided districts required paperwork for on campus LEO interviews.

I have been in contact with the parents of A■■ H■■■■ (father will be attending), A■■ P■■■■ (father will be attending), S■■ R■■■■ (mother gave permission but will not attend), and G■■ N■■■■ (mother gave permission but will not be attending).

I called the number for K■■ P■■■■ but it said it was disconnected. I know his parents work at the school there. Asked Hardcastle if it would be possible for him to reach out to them about either approving the interview or getting in touch with me? Just let me know either way.

I have not been able to contact K■■ S■■ or S■■ V■■■■s parents. S■■'s phone hung up on me multiple times and there was no answer and no message on V■■■■.

The only confirmed time so far is with A■■ P■■■■ His dad needs to meet at 9 at the latest so I will get to the school before that.

Holding a school board meeting tonight and it is supposed to be on the agenda. All board meetings are held in executive session so they can be closed door. T [REDACTED] is an out of district student so an exception is needed to allow him back. Shelly has heard that T [REDACTED] has been to basketball practices and they are holding a team number for him.

Shelly took a problem to Superintendent Hardcastle and he "yelled" at her in front of other parents. Kids of the Shaw family have been saying racial comments to Shelly's daughter. Things like "Go back to Africa."

Explained to Shelly that I could not give her an exact timeframe for charges to possibly be filed but that DAG Bauges and I had met on the case recently.

On our lockers. There was a hanger on my locker and I took it off because it was in my way of opening my locker so I took it off to set it on the bench and I'm not positive if he took it from my hand or took it after I set it on the bench. Then afterwards I look over and I [REDACTED] put it on his but. It was hanging from his under wear with the hook between the cheeks, everyone was laughing including [REDACTED]. After that A [REDACTED] turned around and I am not sure if John meant to kick the hanger or his leg to get A [REDACTED] out of the way because John was changing at this time, But John kicked the hanger and it went into his but, A [REDACTED] then yelled saying Ouch. After that he walked over to T [REDACTED] H [REDACTED] and told him to get it out. T [REDACTED] said eww no. I am not positive if he himself took it out or if someone took it out for him. Everyone after that was laughing. A [REDACTED] was also laughing but then after that he said that it kind of hurt. I left toward my house after that happened.

## Investigative Report

Date: Started 10/30/2015; Updated 11/1/2015, 11/5/2015

Incident Date: 10/22/2015

### Overview:

There have been allegations made of an incident taking place in the boy's locker room October 22, 2015. The alleged victim (Student A) is a student with a disability and he is African American. I am the Superintendent/Federal Programs Director and Title IX Officer for the district. We were notified of the alleged incident on Friday, October 23, 2015 sometime before 11 am. It was reported by the alleged victim's mother.

I began investigating the incident with the Secondary Principal, Stefanie Shaw, concurrently. We have interviewed other players that were present and the victim.

On Friday, Oct. 23<sup>rd</sup> we contacted parents of two students that we had investigated as offenders. We met with each student with guardians present. We explained the allegations and that our initial investigation is ongoing. We then suspended both individuals from playing in the football game for that night and communicated that they were suspended for the following week as well, October 26-October 30<sup>th</sup> while we continue the investigation.

On Monday October 26<sup>th</sup>, Mrs. Shaw and I continued to investigate and interview witnesses. Investigations continued Tuesday, October 27, 2015 and Wednesday, October 28, 2015.

Law enforcement was notified Friday, October 23, 2015 when the Student A was taken to the hospital and they are conducting a concurrent investigation.

### The allegations:

1. In the locker room before practice, Student A was grabbed by the back of his underwear and pulled until the waste band ripped away from the underwear by Student B.
2. In the locker room before practice, Student A was shut into the "cold room" outside where equipment is kept and Student D acted out a sexual gesture on Student A described as "Dry Humping"
3. After practice, Student B took a black, plastic hanger and inserted it into Student A's buttocks and possibly his rectum. Another player (Student C) kicked the hanger with the intention of lodging the hanger further into the Student A's rectum.

The allegations were reported by Mrs. Shelly M [REDACTED], mother of A [REDACTED] M [REDACTED] on Friday, Oct. 23<sup>rd</sup> in the morning before 11 am. First she told Mr. Hardcastle of A [REDACTED]'s under wear being ripped. Later in the morning she heard from her other son, R [REDACTED] that a hanger was allegedly inserted into A [REDACTED]'s rectum. She reported this to Mrs. Shaw and then Traci Perron, and Traci brought her to talk to Mr. Hardcastle when she heard the allegations.

In talking with Mrs. M [REDACTED], she mentioned comments that she has either heard, or heard second hand from her sons about players saying that A [REDACTED] likes "Kentucky Fried Chicken", "Kool Aid" and "Grape Soda". She also referenced a picture that was drawn on a whiteboard in the math classroom of a bus with a student face in the back seat window and an arrow pointing to the bus saying "T [REDACTED]". I asked Mrs. M [REDACTED] if she has brought this up to any of the

coaches or to any teachers prior to talking with me. She said, "No" and indicated that she knows that boys will do and say things sometimes. She also said that she didn't want to be "that mom that comes and tells on every little thing that happens." She then shared with me what had been reported by her other son R [REDACTED] about the locker room incident of the day before. She shared that she feels that boys have played on the fact that A [REDACTED] cognitively does not understand the racial implications of the things that are said about fried chicken and grape soda and that she has told A [REDACTED] that it is ok for people to say that to him "if he really likes those things" but if he doesn't then he should say that he doesn't like them. She expressed that she felt that A [REDACTED] did not report the incidents that happened Thursday, Oct. 22 in the locker room because he doesn't want them (his team mates) to get in trouble. She also said that a player named A [REDACTED] has had issues outside of school with mistreating A [REDACTED]. She said that they are friends and that A [REDACTED] has gone camping with A [REDACTED] and spent the night at his house before. She said that A [REDACTED] once "choked him out" and once "shot him with a pellet gun". She reported that these incidents happened outside of school, and it is not clear how long ago.

## Investigation Process:

### 1. Interviews and Actions as conducted by Mr. Hardcastle and Mrs. Shaw

- vii. After school, Coach was asked regarding supervision, coach shared that they are in and out, but that they are hesitant to be in the locker room the entire time while the boys are showering and changing because they worry about being accused of impropriety. We asked that they make sure that they raise their presence as we are investigating an incident. We also informed coach about players that are suspended from football.
- viii. 6:30 p.m. Called Shelly M [REDACTED] to check on A [REDACTED], she indicated that a Lincoln county sheriff's deputy was present at the hospital interview.

  - vi. Mrs. Shaw and Ryan Dillworth reviewed camera footage outside of the locker room during the timeframe of the alleged locker room incidents. They noted all students and coaches that entered the locker room or left the locker and the times of their coming and going. This was then cross referenced with our notes from student interviews. We determined that we needed to talk to two more students.

- xii. Sgt. Scott Denning came to the school and told us that there is now an open criminal investigation and that they need all student demographic information and our notes and files about the investigation.
- xiii. 6 pm A [REDACTED] H [REDACTED] – A [REDACTED] was suspended at this time for 5 days including football activity. (Monday morning Mrs Shaw called and verified this and explained that his separate actions in violation of Policy 3290 and 295, Harassment and Bullying are what led to the longer suspension.)
- e. Thursday, October 29<sup>th</sup>, 2015
  - i. Called Sgt. Scott Denning and requested that he please get a warrant or subpoena. I explained that I would be able to give them directory information, but that I would need a warrant to disclose all information (i.e. statements and documents) about the investigation as they are now part of student records.

## 2. Challenges, Findings and Recommendations:

### a. Challenges:

- i. The victim, A [REDACTED] M [REDACTED] has a hard time remembering timelines and events. Also, we were only allowed to interview him once. When we wanted to have a follow up interview to corroborate and ask for clarification of some details, Mrs. M [REDACTED] told us that we could not talk to A [REDACTED], as she had been told by the police to not allow him to talk to anyone else at the school about it.
- ii. Witness F [REDACTED] M [REDACTED], when interviewed with mother (Shelly M [REDACTED]), mother indicated that he "lies a lot". His testimony was difficult to substantiate what he saw or witnessed personally from what he has heard people talk about since the time of the incident.
- iii. It was hard to substantiate or get eye witnesses of the initial actions used by T [REDACTED] W [REDACTED] with the hanger. Students looked over and saw John kick at the hanger, but few if any reported seeing the initial insertion.

### b. Students:

- i. T [REDACTED] W [REDACTED]:
  - o More likely than not: Prior to practice on Oct. 22, 2015, in the locker room, T [REDACTED] W [REDACTED] grabbed A [REDACTED] M [REDACTED] by his underwear and pulled upward until they ripped. This happened in front of other student athletes.
  - o After practice on Oct. 22, 2015, A [REDACTED] M [REDACTED] was wearing the torn boxers and his buttocks was exposed. T [REDACTED] W [REDACTED] took a black plastic hanger and inserted the hook portion between A [REDACTED] M [REDACTED]'s butt cheeks with the hook portion being directed toward the anus and the hanger hook ending up inside of A [REDACTED] M [REDACTED]'s rectum. The hanger was kicked and ended up embedded in A [REDACTED]'s rectum.
  - o T [REDACTED] W [REDACTED] admitted to pulling the hanger from A [REDACTED] M [REDACTED]'s rectum.

- It is possible that during these events, A [REDACTED] P [REDACTED] told T [REDACTED] and John to "stop" and that T [REDACTED] responded by saying something to the effect, "Shut up or I'll do the same thing to you."
- **Recommendations:** Student has been suspended 5 days and then extended the suspension for 10 more days. He is being presented to the school board for an expulsion hearing on November 3<sup>rd</sup> at 7:45 pm. Update: School board voted to expel student.

## ii. John Howard

- More likely than not, John Howard was present when T [REDACTED] put the hanger hook into the buttocks of A [REDACTED] M [REDACTED]. John Howard kicked the hanger multiple times, with the intention of either embedding it into the rectum of A [REDACTED] M [REDACTED], or embedding it further into the rectum of A [REDACTED] M [REDACTED].
- On other occasions John Howard has "dry humped" or simulated having anal sex with younger players.
- It is possible but not certain that, before practice on Oct. 22<sup>nd</sup>, John Howard pushed A [REDACTED] into the corner of the bathroom on the Junior High School side of the locker room, after A [REDACTED]'s underwear had been ripped by T [REDACTED], and simulated having sex with A [REDACTED].
- It was also reported by a team mate that, on one occasion, John has referred to A [REDACTED] as a "dumb r [REDACTED]" before practice in the cold storage room.
- It was reported by multiple students that John talks about "nasty" and/or "perverted things" often when not in the presence of the coaches.
- **Recommendations:** Student has been suspended 5 days and then extended the suspension for 10 more days. He is being presented to the school board for an expulsion hearing on November 3<sup>rd</sup> at 7:45 pm. Update: School board voted to expel student.

## iii. A [REDACTED] H [REDACTED]

- More likely than not, A [REDACTED] H [REDACTED] had his arm around and possibly was hugging A [REDACTED] M [REDACTED] when T [REDACTED] W [REDACTED] grabbed his underwear and pulled on them hard enough to tear them.
- A [REDACTED] H [REDACTED] admitted that he was present and turned off the lights in the bathroom when John Howard pushed A [REDACTED] M [REDACTED] into the corner and simulated having sex with him.
- More likely than not, A [REDACTED] H [REDACTED] has "dry humped" or simulated having sex with A [REDACTED] M [REDACTED] in the cold storage room where the football team keeps its pads. This happened on a separate date than the other incidents. He reported that A [REDACTED] and him joked around about this and that A [REDACTED] did this too.

- It was reported, but was not substantiated nor corroborated that A [REDACTED] H [REDACTED] hugged or held A [REDACTED] M [REDACTED] when T [REDACTED] and John put the hanger into A [REDACTED]'s rectum. I have one student that claimed to have witnessed this, however all other student's interviewed place A [REDACTED] away from A [REDACTED] when he was violated with the hanger.
  - **Recommendations:** Student has been suspended 5 total days out of school and one additional day served in-school during the first day of investigation. He was also removed from the football team. In all, he will have been denied contact from other students at school for 11 consecutive days.
- iv. K [REDACTED] S [REDACTED]
- K [REDACTED] S [REDACTED] was on P [REDACTED] R [REDACTED]'s phone at the time of the incident involving the hanger being forced into A [REDACTED] M [REDACTED].
  - We did not find evidence that K [REDACTED] S [REDACTED] took photos nor that he sent any to anyone else of any of the above stated incidents. We questioned P [REDACTED] R [REDACTED] and his mother. She said that she reviewed the phone and did not find anything.
- c. **As a School System:**
- i. **Identification and Reporting of Harassment:** It was not clear that the comments being made by team members about A [REDACTED] liking grape soda and fried chicken were meant to inflict pain. I believe that A [REDACTED] played up his liking of these items. I do not know how many players knew that the comments are a potentially insensitive racial stereotype. When I asked Coach Torgenson about this, he indicated that he didn't know or associate grape soda with African Americans. On one occasion he bought A [REDACTED] grape soda for A [REDACTED] as a reward for his effort. I have found evidence of ill feelings and/or mean-spiritedness toward students based on race or color by players. John Howard was reported to have referred to A [REDACTED] on one occasion as a "dumb n [REDACTED]" this was not known to coaches. There was only one person that reported this. One year ago, T [REDACTED] W [REDACTED] has referred to A [REDACTED] H [REDACTED] as a "s [REDACTED]", A [REDACTED] confronted T [REDACTED] about this and coaches also confronted the behavior as being unacceptable. To this point, I have not found this to be evident throughout the team. The Dietrich School and sports teams have had a mix of races and ethnicities for many years. I have not been informed yet of there being past events targeting ethnicities or minorities outside of the incidents herein mentioned. Mr. and Mrs. M [REDACTED] have not, to my knowledge, reported perceived feelings of harassment or bullying directed at A [REDACTED] until October 23<sup>rd</sup>, 2015. I need to make sure that parents, students, and staff are aware that if there are ever questions raised about harassment or discrimination of any type, that they need to be reported to me, as I am the Title IX officer for the district. This is listed on our website, and I need to

be more clear about it. We need to review who and how we are communicating district policy and student handbooks policy to students and parents to ensure that this is clearly communicated.

- ii. **Bullying and Power:** A theme found in our interviews was that the players interviewed all expressed that they care about A [REDACTED] and that they like him. While the evidence does not seem to suggest repeated patterns of harassment or bullying targeted at A [REDACTED] specifically. There is evidence of harassment and bullying among team members as a whole. In reviewing the evidence, there are indications that escalating harassment and bullying among team members potentially lead up to this incident.
  - o There was a general resistance among players interviewed to talk about their team mates. There was some reference to a "bro code" and statements that "what happens in the locker room stays in the locker room". This was brought up to coaches Oct. 23<sup>rd</sup> and measures were taken starting that day to raise vigilance and supervision of the locker rooms. There was reference to the locker room being a "straight roast" where players verbally put each other down, make comments and sexual references about each other, family members (sisters) girl friends, etc...
  - o Earlier in the season, two players (A [REDACTED] S [REDACTED] and S [REDACTED] R [REDACTED]) were disciplined for making comments about threatening to "hump" a student who chose not to play football.
  - o John Howard was disciplined by Mrs. Shaw and Coach Torgenson for misconduct at school. At that time, we were informed of "dry humping incident" that occurred at football camp over the summer. This was addressed with John Howard and with his grandparents and he his coach suspended him.
  - o Players interviewed made reference to C [REDACTED] A [REDACTED] and H [REDACTED] R [REDACTED] as being untouchable. That carries over to the locker room where popularity and physical prowess play out, and students jockey for status. It is possible that the actions of T [REDACTED] W [REDACTED], John Howard, and A [REDACTED] H [REDACTED] were motivated by this.

### 3. Other findings and the need for Continuing Efforts:

#### i. Questions:

- o What factors prohibited Coach Torgenson from acting to find out more information about what was happened to A [REDACTED] when he came into the locker room after the incident?
- o What factors lead to a boy tearing the underwear of and then exploiting the exposed buttocks of a player that they profess and appear to care about?
- o Why was A [REDACTED] in front of other players after practice with his exposed buttocks?

## ii. Actions:

- It will be imperative that we engage staff members and coaches to be more vigilant and aware of any type of harassment or bullying and build capacity for addressing them proactively. I believe that focusing efforts on fostering safe relationships and investing time as a system on getting to know our students will improve the likelihood that students will open up to coaches, teachers, parents, and others about bullying behavior.
- It will also be important to communicate to parents and students to please report issues of harassment.
- We will need to continue to watch for and help A [REDACTED] as we move forward.

### Uniform Grievance Procedure

All individuals should use this grievance procedure if they believe that the Board, its employees or agents have violated their rights guaranteed by the State or federal constitution, State or federal statute, or Board policy.

The District will endeavor to respond to and resolve complaints without resorting to this grievance procedure and, if a complaint is filed, to address the complaint promptly and equitably. The right of a person to prompt and equitable resolution of the complaint filed hereunder shall not be impaired by the person's pursuit of other remedies. Use of this grievance procedure is not a prerequisite to the pursuit of other remedies, and use of this grievance procedure does not extend any filing deadline related to the pursuit of other remedies.

#### Level 1: Informal

An individual with a complaint is encouraged to first discuss it with the teacher, counselor, or building administrator involved, with the objective of resolving the matter promptly and informally. An exception is that complaints of sexual harassment should be discussed with the first line administrator that is not involved in the alleged harassment.

#### Level 2: Principal

If the complaint is not resolved at Level 1, the grievant may file a written grievance stating:

1. The nature of the grievance; and
2. The remedy requested.

It must be signed and dated by the grievant. The Level 2 written grievance must be filed with the principal within sixty (60) days of the event or incident, or from the date the grievant could reasonably become aware of such occurrence.

If the complaint alleges a violation of Board policy or procedure, the principal shall investigate and attempt to resolve the complaint. If either party is not satisfied with the principal's decision, the grievance may be advanced to Level 3 by requesting in writing that the Superintendent review the principal's decision. This request must be submitted to the Superintendent within fifteen (15) days of the principal's decision.

#### Level 3: Superintendent

Upon receipt of the request for review, the Superintendent shall schedule a meeting between the parties and the principal. The parties shall be afforded the opportunity to either dispute or concur with the principal's report. The Superintendent shall decide the matter within ten (10) days of

the meeting and shall notify the parties in writing of the decision. If the Superintendent agrees with the recommendation of the principal, the recommendation will be implemented. If the Superintendent rejects the recommendation of the principal, the matter may either be referred to an outside investigator for further review or resolved by the Superintendent.

If either party is not satisfied with the decision of the Superintendent, the Board is the next avenue for appeal. A written appeal must be submitted to the Board within fifteen (15) days of receiving the Superintendent's decision. The Board is the policy-making body of the school, however, and appeals to that level must be based solely on whether or not policy has been followed. Any individual appealing a decision of the Superintendent to the Board bears the burden of proving a failure to follow Board policy.

#### Level 4: The Board

Upon receipt of a written appeal of the decision of the Superintendent, and assuming the appeal alleges a failure to follow Board policy, the matter shall be placed on the agenda of the Board for consideration not later than their next regularly scheduled meeting. A decision shall be made and reported in writing to all parties within thirty (30) days of that meeting. The decision of the Board will be final.

### Sexual Harassment/Intimidation of Students

Sexual harassment is a form of sex discrimination and is prohibited in the District. An employee, District agent, or student engages in sexual harassment whenever he or she makes unwelcome advances, requests sexual favors, or engages in other verbal, non-verbal or physical conduct of a sexual or sex-based nature, imposed on the basis of sex, that:

1. Denies or limits the provision of educational aid, benefits, services, opportunities, or treatment, or that makes such conduct a condition of a student's academic status; or
2. Has the purpose or effect of:
  - A. Substantially interfering with the student's educational environment;
  - B. Creating an intimidating, hostile, or offensive educational environment;
  - C. Depriving a student of educational aid, benefits, services, opportunities or treatment; or
  - D. Making submission to or rejection of such unwelcome conduct the basis for academic decisions affecting a student.

The terms "intimidating", "hostile" and "offensive" include conduct which has the effect of humiliation, embarrassment, or discomfort. Examples of sexual harassment include, but are not limited to, unwelcome touching, crude jokes or pictures, discussions of sexual experiences, pressure for sexual activity, intimidation by words, actions, insults or name calling, teasing related to sexual characteristics, and spreading rumors related to a person's alleged sexual activities.

Students who believe that they may have been sexually harassed or intimidated should contact a counselor, teacher, Title IX coordinator, or administrator who will assist them in the complaint process. Supervisors or teachers who knowingly condone, or fail to report or assist a student to take action to remediate such behavior of sexual harassment or intimidation, may themselves be subject to discipline.

Any District employee who is determined, after an investigation, to have engaged in sexual harassment will be subject to disciplinary action up to and including discharge. Any student of the District who is determined, after an investigation, to have engaged in sexual harassment will be subject to disciplinary action, including, but not limited to, suspension and expulsion consistent with the discipline policy. Any person knowingly making a false accusation regarding sexual harassment will likewise be subject to disciplinary action up to and including discharge with regard to employees, or suspension and expulsion with regard to students.

The District will make every effort to ensure that employees or students accused of sexual harassment or intimidation is given the appropriate opportunity to defend themselves against such accusations.

To the greatest extent possible, complaints will be treated in a confidential manner. Limited disclosure may be necessary in order to complete a thorough investigation. Retaliation against persons who file a complaint is a violation of law prohibiting discrimination, and will lead to disciplinary action against the offender.

Any individual seeking further information should contact the Superintendent for the name of the current Title IX Coordinator for the District. The Superintendent shall insure that the student and employee handbooks identify the name, address, and telephone number of the individual responsible for coordinating the District's compliance efforts.

An individual with a complaint alleging a violation of this policy shall follow the Uniform Grievance Procedure.

### Corrective Actions and Punishment

All students shall submit to the reasonable rules of the District. Refusal to comply with written rules and regulations established for the governing of the school shall constitute sufficient cause for discipline, suspension, or expulsion.

For the purposes of the District's policies relating to corrective action or punishment:

1. "Temporary Suspension" is the exclusion from school or individual classes for a specific period of up to five (5) school days. Administrators may temporarily suspend.
2. "Extended Temporary Suspension" is the exclusion from school or individual classes for an additional ten (10) school days. Only the Superintendent or the Board can extend an initial temporary suspension.
3. "Prolonged Temporary Suspension" is the exclusion from school or individual classes for an additional five (5) school days. Only the Board can extend a temporary suspension for an additional five (5) days and only upon a finding that immediate return to school attendance by the temporarily suspended student would be detrimental to other pupils' health, welfare, or safety.
4. "Expulsion" is the exclusion from school. Only the Board has the authority to expel or deny enrollment to any pupil who is an habitual truant, who is incorrigible, whose conduct is such as to be continuously disruptive of school discipline or of the instructional effectiveness of the school, or whose presence is detrimental to the health and safety of other pupils or who has been expelled from another school district in the State of Idaho or any other state.
5. "Discipline" constitutes all other forms of corrective action or punishment, including brief exclusions from a class for not more than the remainder of the class period and exclusion from any other type of activity conducted by or for the District. Discipline shall not adversely affect specific academic grade, subject, or graduation requirements, as long as all required work is performed.

Except in extreme cases, students will not be expelled unless other forms of corrective action or punishment have failed, or unless there is good reason to believe that other forms of corrective action or punishment would fail if employed. Suspensions or expulsions shall be used only for instances of serious student misconduct.

Students with disabilities may also be suspended under these same rules if the suspension will not constitute a change in placement. If a student with a disabling condition accrues ten (10) or more days' suspension per incident, the Child Study Team who has knowledge of the student's

disabling condition will determine if there is causal relationship between the disabling condition and the student's misconduct. If such a relationship exists, the student's educational placement may not be changed without parental approval or a court order, pending a due process hearing under IDEA.

Likewise, before a recommendation on the expulsion of a disabled student is submitted to the Board, the Child Study Team must meet to determine if there is a causal relationship between the disabling condition and the student's misconduct. The Board shall consult legal counsel before expelling any disabled student.

When a disabled student is acting in such a way that he or she poses a danger to himself or herself or to another student or property, or substantially disrupts his or her educational program or that of other students, an emergency suspension may take place. Emergency suspensions may not last longer than ten (10) school days. The principal shall convene the Team for reviewing the student's record before the student is readmitted to school and no later than the tenth (10<sup>th</sup>) day of suspension.

### Student Interviews, Interrogations or Arrests

#### Interviews by School Administrators (Student Victims/Witnesses)

When a violation of Board policy or school rule occurs, the school principal or designee may question a potential student victim or students who may have relevant information without prior consent of the parent, guardian, or legal custodian.

#### Interrogations by School Administrators (Student Suspect)

In situations where a student is suspected of violating Board policy or school rule, the principal or designee may interrogate the suspected student without the prior consent of the student's parent, guardian, or legal custodian. The school official must first have reasonable grounds, however, to suspect that the student committed such a violation. The nature and extent of the questioning must be reasonably related to the objectives of the questioning. If the student denies any involvement or culpability, the student will be afforded the opportunity to present his or her side of the story, orally or in writing.

#### Interviews and Interrogations by Law Enforcement Officials (School-Related Violation)

When a suspected violation of criminal law has occurred on school grounds, at a school sponsored activity, or an activity involving school operations, law enforcement officers may be notified by school officials to request a criminal investigation. Law enforcement officers may also independently determine that an investigation requiring student interviews and interrogations is necessary.

School discipline investigations conducted by school administrators and criminal investigations conducted by law enforcement officers shall be conducted in a parallel manner rather than as a joint investigation. Therefore, a school discipline investigation need not stop as soon as the school administrator believes that a crime has been committed. The results of the parallel investigations may be shared among school officials and the police.

#### Interviews and Interrogations by Law Enforcement Officers (Non-School-Related Violation)

The District strives to maintain cooperative working relations between law enforcement, child protective authorities, and school authorities. Law enforcement officers may wish to interview students regarding their knowledge of suspected criminal activity and may wish to interrogate students who are themselves suspected of engaging in criminal activity. Except when law enforcement officers have a warrant or other court order, or when emergency or other exigent circumstances exist, such interviews and interrogations are discouraged during the student's class time. The principal and principal's designee have the right and the obligation to take reasonable steps to prevent disruption of school operations and the educational process while at the same

time cooperating with law enforcement efforts. Accordingly, the principal or designee shall work together with law enforcement officers to coordinate efforts and minimize or prevent such disruption in cases of student interviews and interrogations. In the event of disagreement, the principal or designee shall immediately contact the area administrator or district legal counsel for assistance.

Before any student interview or interrogation begins regarding suspected criminal activity, the principal or designee shall ascertain that the law enforcement officer has proper identification evidencing affiliation with an identified law enforcement agency. The principal or designee shall request that all procedural safeguards prescribed by law are observed by the law enforcement officers when interviewing student witnesses or interrogating student suspects. An effort shall be made to notify the student's parent, guardian or legal custodian in advance of the interview or interrogation regarding suspected criminal activity. Whether or not to postpone the interview or interrogation until the parent arrives is ultimately the law enforcement officer's decision. **In cases involving investigation of reported child abuse of a student where the suspected perpetrator is a member of the student's family, such parent/guardian contact would not be warranted. The Idaho Department of Health and Welfare or law enforcement may exclude school personnel from any child abuse investigations/interviews and may use a school building to conduct the interview.**

#### Arrests by Law Enforcement Officers

A law enforcement officer may take a student into custody if the student has been placed under arrest or if the student's parent, guardian, or legal custodian and the student consent to such release. The officer must first notify the principal or designee so that the student may be summoned to the principal's office and taken into custody in a manner that is as inconspicuous as possible and minimizes disruption of school operations and the educational process. When an emergency situation arises and the student is taken into custody or arrested on school premises without prior notification to the principal or designee, the law enforcement officer should notify school authorities of the situation as soon as possible.

When a student is removed from school by law enforcement officers for any reason, school officials will make every reasonable effort to notify the student's parent, guardian, or legal custodian.

#### Definitions:

1. "Interview": The questioning of a student who may be a witness or victim of an incident.
2. "Interrogation": The questioning of a student suspected of violating Board and/or District policy, school rule, or criminal law.
3. "Reasonable Grounds to Suspect": More than a generalized suspicion or a mere hunch, but not requiring certainty that a violation has occurred. For example, it may be based upon, among other things, direct observations or the reported observations or experiences of others. It involves a common-sense conclusion about human behavior based upon all of the circumstances presented.

4. “Probable Cause”: A set of probabilities grounded in factual and practical considerations, which would cause a reasonable person to believe that a violation has occurred. It requires having more evidence for than against.

### Uniform Grievance Procedure

All individuals should use this grievance procedure if they believe that the Board, its employees or agents have violated their rights guaranteed by the State or federal constitution, State or federal statute, or Board policy.

The District will endeavor to respond to and resolve complaints without resorting to this grievance procedure and, if a complaint is filed, to address the complaint promptly and equitably. The right of a person to prompt and equitable resolution of the complaint filed hereunder shall not be impaired by the person's pursuit of other remedies. Use of this grievance procedure is not a prerequisite to the pursuit of other remedies, and use of this grievance procedure does not extend any filing deadline related to the pursuit of other remedies.

#### Level 1: Informal

An individual with a complaint is encouraged to first discuss it with the teacher, counselor, or building administrator involved, with the objective of resolving the matter promptly and informally. An exception is that complaints of sexual harassment should be discussed with the first line administrator that is not involved in the alleged harassment.

#### Level 2: Principal

If the complaint is not resolved at Level 1, the grievant may file a written grievance stating:

1. The nature of the grievance; and
2. The remedy requested.

It must be signed and dated by the grievant. The Level 2 written grievance must be filed with the principal within sixty (60) days of the event or incident, or from the date the grievant could reasonably become aware of such occurrence.

If the complaint alleges a violation of Board policy or procedure, the principal shall investigate and attempt to resolve the complaint. If either party is not satisfied with the principal's decision, the grievance may be advanced to Level 3 by requesting in writing that the Superintendent review the principal's decision. This request must be submitted to the Superintendent within fifteen (15) days of the principal's decision.

#### Level 3: Superintendent

Upon receipt of the request for review, the Superintendent shall schedule a meeting between the parties and the principal. The parties shall be afforded the opportunity to either dispute or concur with the principal's report. The Superintendent shall decide the matter within ten (10) days of

the meeting and shall notify the parties in writing of the decision. If the Superintendent agrees with the recommendation of the principal, the recommendation will be implemented. If the Superintendent rejects the recommendation of the principal, the matter may either be referred to an outside investigator for further review or resolved by the Superintendent.

If either party is not satisfied with the decision of the Superintendent, the Board is the next avenue for appeal. A written appeal must be submitted to the Board within fifteen (15) days of receiving the Superintendent's decision. The Board is the policy-making body of the school, however, and appeals to that level must be based solely on whether or not policy has been followed. Any individual appealing a decision of the Superintendent to the Board bears the burden of proving a failure to follow Board policy.

#### Level 4: The Board

Upon receipt of a written appeal of the decision of the Superintendent, and assuming the appeal alleges a failure to follow Board policy, the matter shall be placed on the agenda of the Board for consideration not later than their next regularly scheduled meeting. A decision shall be made and reported in writing to all parties within thirty (30) days of that meeting. The decision of the Board will be final.

## COMMUNITY RELATIONS

### Uniform Grievance Procedure

It is the Board's desire that administrative procedures for settling complaints and grievances of any and all persons (i.e., staff, students, patrons, hereinafter "Grievant") be an orderly process within which solutions may be pursued. Further, that the procedure provide prompt and equitable resolution at the lowest possible administrative level. Additionally, it is the Board's desire that each grievant be assured an opportunity for orderly presentation and review of complaints without fear of reprisal.

### Grievance Procedure

This grievance procedure should be followed if a grievant believes that the Board, its employees or agents have violated the grievant's rights guaranteed by the State or federal constitutions, State or federal statutes, or Board policy.

The District will endeavor to respond to and resolve complaints without resorting to this grievance procedure and, if a complaint is filed, to address the complaint promptly and equitably. The right of a person to prompt and equitable resolution of the complaint filed hereunder shall not be impaired by the person's pursuit of other remedies. Use of this grievance procedure is not a prerequisite to the pursuit of other remedies, and use of this grievance procedure does not extend any filing deadline related to the pursuit of other remedies.

**Level 1: Informal:** A grievant with a complaint is encouraged to first discuss it with the teacher, counselor, or building administrator involved, with the objective of resolving the matter promptly and informally. An exception is that complaints of sexual harassment should be discussed with the first line administrator that is not involved in the alleged harassment.

**Level 2: Principal:** If the complaint is not resolved at Level 1, the grievant may file a written grievance stating:

1. The nature of the grievance; and
2. The remedy requested.

It must be signed and dated by the grievant. The Level 2 written grievance must be filed with the principal within sixty (60) days of the event or incident, or from the date the grievant could reasonably become aware of such occurrence.

If the complaint alleges a violation of Board policy or procedure, the principal shall investigate and attempt to resolve the complaint. If either party is not satisfied with the principal's decision, the grievance may be advanced to Level 3 by requesting in writing that the Superintendent review the principal's decision. This request must be submitted to the Superintendent within fifteen (15) days of the principal's decision.

If the complaint alleges a violation of Title IX, Title II, Section 504 of the Rehabilitation Act, or sexual harassment, the principal shall turn the complaint over to the Nondiscrimination Coordinator who shall investigate the complaint. The District has appointed Nondiscrimination Coordinators to assist in the handling of discrimination complaints. The Coordinator will complete the investigation and file the report with the Superintendent within thirty (30) days after receipt of the written grievance. The Coordinator may hire an outside investigator if necessary. If the Superintendent agrees with the recommendation of the Coordinator, the recommendation will be implemented. If the Superintendent rejects the recommendation of the Coordinator, and/or either party is not satisfied with the recommendations from Level 2, either party may make a written appeal within fifteen (15) days of receiving the report of the Coordinator to the Board for a hearing.

**Level 3: Superintendent:** Upon receipt of the request for review, the Superintendent shall schedule a meeting between the parties and the principal. The parties shall be afforded the opportunity to either dispute or concur with the principal's report. The Superintendent shall decide the matter within ten (10) days of the meeting and shall notify the parties in writing of the decision. If the Superintendent agrees with the recommendation of the principal, the recommendation will be implemented. If the Superintendent rejects the recommendation of the principal, the matter may either be referred to an outside investigator for further review or resolved by the Superintendent.

If either party is not satisfied with the decision of the Superintendent, the Board is the next avenue for appeal. A written appeal must be submitted to the Board within fifteen (15) days of receiving the Superintendent's decision. The Board is the policy-making body of the school, however, and appeals to that level must be based solely on whether or not policy has been followed. Any individual appealing a decision of the Superintendent to the Board bears the burden of proving a failure to follow Board policy.

**Level 4: The Board:** Upon receipt of a written appeal of the decision of the Superintendent, and assuming the individual alleges a failure to follow Board policy, the matter shall be placed on the agenda of the Board for consideration not later than their next regularly scheduled meeting. A decision shall be made and reported in writing to all parties within thirty (30) days of that meeting. The decision of the Board will be final.

## **STUDENTS**

### Open Enrollment

The School Board of Trustees recognizes that some patrons of other districts may want to enroll their children in Dietrich School District. In making a decision on a student's open enrollment application, the Board of Trustees shall consider the needs of the student requesting the transfer as well as the other students affected by the transfer.

### Transportation

Parents or guardians of a student accepted under this open enrollment policy will be responsible for transporting the accepted student. If bus space is available, then students accepted under the open enrollment policy may be transported from an appropriate, established bus stop within District boundaries.

### High School Athletics

It is recommended that a student who is considering submitting an open enrollment application to this District, and who anticipates participating in a sport governed by the Idaho High School Activities Association (IHSAA) should review IHSAA rules prior to submitting their open enrollment application. Certain school transfers could lead to a student being ineligible to play.

### Application/Approval Process

An open enrollment application must be submitted annually.

The Superintendent shall establish a procedure for:

1. The method of determining which students are chosen when classroom space is limited;
2. Notifying parents of the action taken on the open enrollment application;
3. The factors which may cause an open enrollment application to be denied; and
4. The process for removing a student from a transfer school, including the grounds for removal, parent notification and the appeal process.

### Open Enrollment Procedures

#### **A. Submitting the Form**

1. Varsity Sport Participation - A student who plans to participate in a varsity sport governed by the Idaho High School Activities Association (IHSA) should review IHSA rules prior to submitting an Open Enrollment Application. Certain school transfers will lead to a student being ineligible to play at the varsity level for one year.
2. Open Enrollment Application forms are available at Dietrich School. Based on mutually agreed upon waivers, Open Enrollment Applications will be accepted at any time throughout the school year, although the general period for accepting applications will be January 1 to February 1 for the following school year. Students who reside in the District and move out of their school attendance zone during the school year must initiate an Open Enrollment request to stay in their school.
3. For students who reside in the Dietrich School District, the parent/guardian completes the Open Enrollment Application form and submits it to the principal of their attendance zone school (home School).
4. For students who reside outside the Dietrich School District boundary, the parent/guardian completes the Open Enrollment Application form and submits it to the principal of the school they wish to attend (receiving school) and the parent/guardian must give notice to the home school.

  - Was previously enrolled at the requested school in a prior year;
  - Has a brother or sister enrolled at the requested school;
  - Resides in the attendance area of another District school;
  - Has a parent employed by the District; or
  - Has unique situation or extraordinary circumstances.

To Whom It May Concern:

There have been allegations made of an incident taking place in the boy's locker room October 22, 2015. The alleged victim (Player D) is a student with a disability and he is African American. I am the Superintendent/Federal Programs Director and Title IX Officer for the district. We were notified of the alleged incident on Friday, October 23, 2015 sometime before 11 am. It was reported by the alleged victim's mother.

I began investigating the incident with the Secondary Principal, Stefanie Shaw, concurrently. We have interviewed other players that were present and the victim.

On Friday, Oct. 23<sup>rd</sup> we contacted parents of two students that we had investigated as offenders. We met with each student with guardians present. We explained the allegations and that our initial investigation is ongoing. We then suspended both individuals from playing in the football game for that night and communicated that they were suspended for the following week as well, October 26-October 30<sup>th</sup> while we continue the investigation.

On Monday October 26<sup>th</sup>, Mrs. Shaw and I continued to investigate and interview potential witnesses.

Today, October 27, 2015 continued to investigate.

Law enforcement was notified Friday, October 23, 2015 and are conducting a concurrent investigation.

The allegations:

1. In the locker room before practice, Player D was grabbed by the back of his underwear and pulled until the waste band ripped away from the underwear by Player A.
2. In the locker room before practice, Player D was shut into the "cold room" outside where equipment is kept and Player C acted out a sexual gesture on Player D described as "Dry Humping"
3. After practice, Player A took a hanger and inserted it into Player D's rectum. Another player (Player B) kicked the hanger with the intention of lodging the hanger further into the Player D's rectum.

Dear Shelly M [REDACTED]:

Your application for compensation with the Crime Victims Compensation Program has been reviewed. You have been found eligible for benefits on behalf of the victim referenced above. Please review the enclosed Summary of Benefits for a description of the available benefits.

If you have not already done so, please provide a complete list of all those who have provided you with services relating to the crime. This list should include the complete name, mailing address, and telephone number for each provider. The list may include doctors, hospitals, ambulance services, x-rays, clinics, dentists, funeral and burial services, therapists, and counselors. **The law requires that you must use any third party payment source such as medical insurance policies and government benefits, including Medicaid, prior to the Program making payment on your behalf.** Providers listed in your application will be notified of our billing requirements.

If criminal charges have or will be filed, and you have crime related expenses that are not covered by the program, you may be able to receive restitution to reimburse you for these costs. Please contact the Prosecuting Attorney's office for further information and assistance pertaining to restitution.

If you object to this decision you may file a request for reconsideration within 20 days from the date of this letter, or you may file a request for hearing within 45 days from the date of this letter (IDAPA 17.05.01.011.05). Either request must be in writing, accompanied by any additional documentation or information you would like to be considered in support of your claim, and directed to my attention at the address referenced above.

An itemized list of payments made on behalf of the victim will be provided as soon as payment is made. Updated itemizations will be provided as additional payments are made and/or upon request. If restitution is ordered, please send a copy of the order for our records. If restitution is not ordered, please advise this office of the reason, and send a copy of any sentencing order issued.

### Can you possibly fabricate more BS? (Dietrich and Lincoln Co.)

What are you folks doing throwing whatever comes to mind to see if it sticks? Shame on you Superintendent and Principal. It is easy to let everyone assume that only two kids were involved in the "alleged" incident. The truth, two kids were expelled one was out of district and one out of state, deny that you fact ducking asswipes. Deny that the other two boy's are in attendance again? But that is to be expected considering the entitled parents and nepotism. But, my favorite is Sheriff Ellis claiming his deputies are in the school. Hence, can't comment or look into the case. Really, when maybe the deputies are on the sidelines during a game at the best. It is hard to keep and eye on the schools when you can't get out of the courthouse.

### Small town cover ups

Dietrich is small. There's always cover ups to crimes in small towns. Who remembers the young boy left for dead on the highway in Shoshone years ago. The guy that did it is walking free today Daddy was a former cop and he just goes on with his life. Discussing.

### This whole Dietrich thread

Guns don't kill people. An individual has to pick up a gun and kill someone.

"Mormons" didn't rape someone in Dietrich. Individuals, regardless of what church they attend, committed this act and regardless of Catholic, Mormon or whatever they are, if an investigation finds the crime was committed they will be and should be punished, Lives will be ruined and lives have been ruined. Rape is a cowardly despicable act and when perpetrated upon a child should be punishable by death. That is how a man who is so cowardly and low should leave this world.

Enough with using this poor girls horrible experience as your personal opportunity to religion-bash. You are riding on her coat-tails when she is the victim, not you.

I could give a flying fuck what church you go to. If you rape a young girl prepare to pay the consequences and prepare to recon with your maker later on or hopefully sooner. And shame on you who are using her tragic demise as an opportunity to vent your anti-religious beliefs.

I can't agree with you more! I'm LDS and am appalled at the narrow-mindedness of this situation. How dare these "privileged" kids get away with such a heinous act! I sincerely hope that justice will be served to the perpetrators! This kind of crap sheds a terrible light on our beliefs of sustaining the laws of the land. This is NOT a clear representation of the teachings of Jesus Christ. Heaven help those that have perverted and turned away from the foundation of the gospel. I pray for your sins.

You wanna know what's going on in Dietrich? Ask the students! They will tell you what happened. It's too bad that the adults in that town can't own up to the "sins" of their children. The notion of "kids will be kids" isn't going to fly this time. Criminal charges should be filed and huge consequences should follow. Shame on you, you SCUM for trying to hide this despicable act.

### Dietrich

If you know facts about a crime, never mind a crime committed against a child you are as GUILTY as the perpetrator if you have not done the right thing by reporting the facts (if you in fact know anything). Should it be found out that you have knowledge and are bragging about it you might find yourself the center of attention. Please if you are SURE, do the right thing by the child:

### Re know the facts (Dietrich)

I'd say that too if I was some Mormon looking to avoid the attention...so high and mighty you are. Just means you have further to fall. Irony the accused are related to the people who tried to have the father of the victim fired for saying vagina in a biology lesson. The real pussies are the Mormons of Dietrich.

MEMORANDUM

TO: Attorney General Lawrence Wasden  
FROM: Senior Investigator Tony Pittz  
SUBJECT: Dietrich School District 15-52972  
DATE: December 30, 2016

The purpose of this memo is to outline the circumstances surrounding the humping discovered during our investigation into this case. Each individual interviewed was asked about the humping and the following will outline what was relayed. It should be noted most of the individuals involved in this case are minor children and will be identified in this memo by their initials.

Everyone interviewed described the humping as grabbing a portion of another person's body and thrusting their pelvic area into the other person, simulating sexual intercourse. Everyone insisted all parties were clothed whenever this occurred.

Several individuals interviewed felt AM was not targeted with this incident. They felt it could have happened to any player in that situation at that time. It was seen as a result of the culmination of all the previous teasing and humping being taken too far and could have been stopped if someone had spoken up earlier.

It had been reported to the school prior to this incident that John Howard had been humping teammates at summer football camp. Howard was punished for this with reduced playing time.

No one interviewed could corroborate AM's statements of AH hugging AM during the hanger incident. It was substantiated, and admitted to by AH, to have occurred during the wedgie but all witnesses interviewed placed AH away from AM during the hanger incident.

No evidence was uncovered of any humping occurring after practice and/or closely related in time to the hanger incident on 10/22/2016.

Date: 12/30/16

**AM (victim)** – In the CARES interview, AM only mentions being humped on two occasions, both perpetrated by AH. AM says both incidents happened on 10/22/2015, once in the “cold room” (football team equipment room) and again in the bathroom located in the locker room. Both incidents are reported to have happened before practice and before the wedgie that ripped AM’s underwear. AH refutes certain details of this (discussed in the section concerning his interview). In his initial interview with Pittz, AM only discussed John Howard (suspect), AH, and TW (suspect), in relation to the humping. AM said they considered it funny and did not say anything while they were doing it.

**AH (suspect)** – Everyone on the team took part in the humping, AH included. It was done just for fun and did not have a purpose. AH admitted to humping AM on two occasions with neither of them being on 10/22/2015. AH admitted to the “cold room” incident AM had referred to but said it was days before 10/22/2015. AH said on another (unknown) date, Howard, AH, and AM, were in the bathroom portion of the locker room. Howard grabbed AM and was humping him. Someone closed the door and AH turned off the lights and “humped” AM as well. AH said incidents of humping happened practically daily and were a normal occurrence.

**KS (witness)** – humping had been going on “forever”. Incidents of humping had slowed down until Howard started school in Dietrich. Howard was identified as the primary person doing the humping.

**AP (witness)** – Only ever saw Howard humping. This had happened during the summer football camp and again at various times in the locker room.

**SVP (witness)** – TW and Howard were primarily the ones who perpetrated the humping. It had been done occasionally by other players but became much more frequent once Howard moved to Dietrich.

**EH (witness)** – AH, TW, and Howard were the only ones who regularly did the humping actions. Sounds of sex would accompany the actions. EH saw AH push AM into a bathroom after the wedgie and “humping sounds” could be heard from within. Several players stood around the door and listened. (This was not mentioned by any other players interviewed.)

**SR (witness)** – In a written statement to Superintendent Hardcastle, SR states he saw AM and AH come out of the bathroom stall in the locker room. AM was holding his rear end and AH was overheard saying “I just pounded him so hard”. This occurred before practice on 10/22/2016.

The purpose of this memo is to outline any recollections I personally have regarding discussions with the M [REDACTED] family pertaining to possible plea agreements with the defendants in this investigation.

On June 7, 2016, I spoke with Shelly M [REDACTED] on the telephone. Shelly mentioned speaking with the medical staff at the facility A [REDACTED] was being discharged from and how Shelly was worried about A [REDACTED] if he had to testify at the upcoming preliminary hearing for John Howard.

On July 6, 2016, I accompanied DAG Casey Hemmer to Shoshone, Idaho, to meet with A [REDACTED] and his parents. The purpose of this meeting was for DAG Hemmer to speak with the M [REDACTED] regarding the status of the case and discuss the possibility of any plea offers that may be made. The purpose of my attendance at this meeting was to be present as a witness in case any new evidence or statements were made. I was not directly involved in the plea agreement talks but did overhear statements by Shelly and Tim M [REDACTED] in which they stated their desire for A [REDACTED] to not have to testify if possible and for the defendants to get felony charges.

On December 16, 2016, DAG Hemmer and I contacted Shelly and Tim M [REDACTED] by telephone after completing the plea hearing for John Howard. They expressed displeasure in the Alford Plea but also admitted they understood it was a good outcome overall in that A [REDACTED] did not have to testify.

These are the only three instances for which I have exact dates, but there were several times during the course of this case where both Tim and Shelly expressed their worry over A [REDACTED] testifying, whether it be for his mental well-being or the pressure of Dietrich community members being in the court room.

**1510421**

On 10-28-2015 I, Sgt. Scott Denning was on duty for the Lincoln County Sheriff's Office. During this time (0845hrs) I was involved in a CARES interview at St. Luke's Magic Valley Medical Center. The Victim involved is A [REDACTED] M [REDACTED] (DOB: [REDACTED]) a 17yoa resident of Dietrich Idaho. Through the CARES interview A [REDACTED] stated that he had been the victim of a rape with a foreign object by several fellow football players on school grounds. A [REDACTED] stated that his fellow football players and the football coaches routinely called him racial names during practice at the Dietrich school. Due to the allegations made during this CARES interview I believe it would be prudent for the Lincoln County Sheriff's Office and the Lincoln County Prosecutor's Office to request that the Idaho Attorney Generals' Office take over this investigation.

# Incident Narrative

## 1510426

Lincoln County Sheriff's Office  
111 W B Street  
Shoshone, ID 83352

1. On October 23rd, 2015, at 1412 hours, I, Deputy B. Marquez, was dispatched to St. Luke's Medical Center located at 709 North Lincoln in Jerome City, Jerome County, state of Idaho for a delayed sexual battery case. Nurse Leslie Stegora had contacted SIRCOMM (Southern Idaho Regional Communications) to report the incident. The sexual battery transpired at the Dietrich High School in Dietrich, Idaho on October 22nd, 2015.

2. Upon arriving on scene, I spoke with Dr. Brian Johnson who indicated he was medically evaluating a juvenile (later identified as A [REDACTED] M [REDACTED] (DOB [REDACTED]) who had sexually battered. Dr. Johnson stated he was still in the process of the evaluation and A [REDACTED] would possibly be needing a "CAT scan" to insure there was no intestinal damage. I also spoke with Nurse Stegora who indicated A [REDACTED] had a "hanger" forced into his rectum by his football teammates.

3. When I entered medical room number 5, I observed A [REDACTED] seated on an evaluation table along with three adults. A [REDACTED] was wearing a medical robe. Two of the adults were A [REDACTED]'s parents, Shelly and Tim M [REDACTED] along with his A [REDACTED]'s brother Jeremy M [REDACTED].

4. I asked A [REDACTED] what had occurred. He proceeded to tell indicate, "at first it started out as a joke then it got worse and worse" talking about his football teammates. T [REDACTED] W [REDACTED] gave A [REDACTED] a wedgie and tore his underwear. A [REDACTED] went into the "equipment room" to obtain football equipment. Another teammate of A [REDACTED]'s, A [REDACTED] H [REDACTED] followed A [REDACTED] into the equipment room and shut the door behind them. A [REDACTED] began "humping" A [REDACTED]'s butt. I asked A [REDACTED] if they had clothes on and he said they did.

5. A [REDACTED] continued by indicating he went to football practice. After football practice, A [REDACTED] indicated he wanted a hug so A [REDACTED] gave him a hug. A [REDACTED] stated, A [REDACTED] motioned to someone and T [REDACTED] W [REDACTED] shoved a hanger into his "rectum." John Howard began kicking the hanger while it was in A [REDACTED]'s rectum. A [REDACTED] stated his rectum was bleeding. I asked what the hanger looked like, and A [REDACTED] stated it was "grey and metal." It was also described as being bent as to have the ends of the hanger compress and the end not the hook was shoved into A [REDACTED]'s rectum. The incident involving the wedging and hanger occurred between 3pm to 6pm. A [REDACTED] indicated the entire football team was present besides C [REDACTED] A [REDACTED] and J [REDACTED] S [REDACTED] to witness the incident.

6. Shelly stated A [REDACTED] suffers from cerebral palsy. She also stated the hazing had been going on for a while, however A [REDACTED] wanted to have "friends" and did not want to get them into trouble so he did not notify her. Shelly was notified by A [REDACTED]'s brother T [REDACTED] M [REDACTED]. Jeremy stated A [REDACTED] told him what happen in the locker room.

**Incident Narrative**  
**1510426**

7. I asked A [REDACTED] if he still had the underwear which had been ripped and they said they were thrown away, however would look for them. I asked about the hanger, and Shelly indicated it had been located and was in a school administrator's office. After collecting statements and concluding my interviews, I cleared the scene.

8. I was again contacted by Nurse Stegora through SIRCOMM to return to the hospital where A [REDACTED] was located to witness and collect a "rape kit." I arrived on scene at 1745 hours. I witnessed Dr. Johnson obtain an unopened kit which had a white seal. He broke the seal when we entered examination room 5 where A [REDACTED] and his parents along with Jeremy were located.

9. Dr. Johnson swapped A [REDACTED]'s mouth with swabs be obtained from the rape kit. He also used three swabs and swabbed A [REDACTED]'s rectum. He placed the swabs into the original rape kit, completed the paperwork, and placed an evidence seal on the exterior of the box. I collected the box and cleared the scene at 1809 hours.

10. I transported the sealed rape kit and placed into evidence at the Lincoln County Sheriff's Office in the refrigerator. I completed my portion of the chain of custody label. I am referring this case to detectives for further investigation.

On 10-23-2015 at approximately 2030hrs I, Sgt. Scott Denning, was on duty for the Lincoln County Sheriff's Office. During this time I was contacted by Deputy Marquez, 6122. Dep. Marquez briefed me on a report he took on a possible rape/ sodomy that occurred at the Dietrich School involving a 17 year old black male. I asked Dep. Marquez to conduct the initial report and to place the case file on my desk before leaving shift. I then briefed Sheriff Ellis on the situation.

On 10-26-15 at approximately 0900hrs I spoke with Anne Tierney from the Twin Falls St. Luke's CARES center. A CARES interview was set up on the earliest date for the victim, A [REDACTED], on 10-28-15 at 0830hrs.

On 10-28-15 at approximately 0830hrs I met with Anne (CARES), Sara Roeloffs (CARES), Mrs. Shelly M [REDACTED], and A [REDACTED] M [REDACTED]. Ms. Roeloffs then conducted the interview with A [REDACTED] (see attached CARES interview and video).

**Interview Summary:** A [REDACTED] disclosed that three juvenile male suspects had been involved in holding him down and "humping" him before and after football practice. A [REDACTED] also stated that during the incident after football practice that his pants had been pulled down and that a coat hanger was forced into his rectum. When the coat hanger was removed, A [REDACTED] said that he was bleeding from his rectum. A [REDACTED] also stated that he has been called racial names by fellow students on the football team and the coaching staff.

When the interview was completed I briefed Sheriff Ellis and the Lincoln County Prosecutor, E Scott Paul and requested that the Idaho State Attorney General's Office review the case.

Through the CARES interview A■■■■ stated that he had been the victim of a rape with a foreign object by several fellow football players on school grounds. A■■■■ stated that his fellow football players and the football couches routinely called him racial names during practice at the Dietrich school. Due to the allegations made during this CARES interview I believe it would be prudent for the Lincoln County Sheriff's Office and the Lincoln County Prosecutor's Office to request that the Idaho Attorney Generals' Office take over this investigation.

At first it started out as a joke then it got worse and worse. I was in the locker room and I got a wedgie ~~that~~ that ripped my underwear. I went to the equipment room to get my pants for football and A [REDACTED] (teammate) came in threw me to the ground and started humping me (threw their penis into my butt). I had clothes on then I went to practice with ripped boxers. After practice I was in the locker room and A [REDACTED] said a [REDACTED] come give me a hug. I gave him a hug not knowing what was coming. They planned to and went through with the idea of showing a clothes hanger up my rectum. I screamed fell into my sister's ~~my~~ boyfriend's (G [REDACTED]) arms and they jerked it out and my rectum began to bleed. The hanger was gray and metal. My best friends [REDACTED] and [REDACTED] were not in there to help me. But there was some freshman that bullied me.

**SYNOPSIS:**

On November 10, 2015, Office of Attorney General (OAG) Investigators Anthony Pittz and Gregg Lockwood met with A [REDACTED] M [REDACTED] to go over a few questions that had not been answered with his previous CARES forensic interview. The interview took place in the juror room of the Lincoln County Sheriff's Office and A [REDACTED] was accompanied by his mother, Shelly M [REDACTED], and his PSR worker, Alicia Malan.

**INVESTIGATIVE INFORMATION:**

1. A [REDACTED] was difficult at times to keep on topic during the interview. He would start with an idea and then trail off while talking about it and had to be prompted by Shelly to keep going. Shelly would also answer for A [REDACTED] at times with things he had told her in the past.
2. I told A [REDACTED] that he was not going to have to repeat the story about what happened. That was the point of the CARES interview he had already done. However, we wanted to know about things that led up to the event and what may have happened afterwards.
3. A [REDACTED] has attended Dietrich School his entire educational career and knew each of the three suspects in this case for some time. A [REDACTED] (real name O [REDACTED] A [REDACTED] H [REDACTED]) had been friends with A [REDACTED] since kindergarten. T [REDACTED] W [REDACTED] has been at Dietrich for three or four years. John Howard just started with Dietrich this school year.
4. A [REDACTED] had problems in the past with A [REDACTED] bullying him but they were still friends off and on. I asked A [REDACTED] about his problems with A [REDACTED] and he recalled them getting into an argument one time and A [REDACTED] "choked" him out. On a camping trip, A [REDACTED] shot A [REDACTED] with a BB gun several times and had to be told to stop by the other guys that were there. At Shelly's prompting, A [REDACTED] admitted that he had told A [REDACTED] he could shoot him at first but then told him to stop. Again at Shelly's prompting, A [REDACTED]

admitted that he would go along with A's antics because he wanted to be friends with him. A worked for A for three days and then A refused to pay A until A's dad went to the house and made him.

5. A said the only problems he had with T and/or John prior to this was with "inappropriate" things they were saying about girls in the locker room, including A's sister N. They would make comments about wanting to have sex with her and that she was so small it would hurt her. N is a 14-year-old freshman at Dietrich School. A would tell them they were "stupid" and to "shut up." A then said that John was sharing pictures he had of another freshman girl, M E, and telling everyone that she had sent them. A inferred they were sexually suggestive pictures. (This information was passed on to the Lincoln County Sheriff's office.)
6. I asked A about the "humping" that he had described happening. A said that John, T and A all thought it was funny and that they did not say anything while they were doing it. They would just throw the younger players down and jump on them and "hump." John and T were the most frequent humpers and would do it to everyone except those who could "beat them up". This was not done anywhere that the coaches could see and no one said anything to the coaches about it.
7. I asked A about the nicknames he was called and he said they called him "chicken, Kool Aid, and watermelon." A said that they all seemed to think it was funny and he did not find it offensive at first until he thought more about it. The players were saying it first and then the coaches overheard and picked it up as well. A said that the nicknames only ended when the season ended. One of the coaches called A's brother, R, "raisin" until A told him that he did not like it.
8. I asked A if anyone at school had talked to him about what happened and he said that the only ones were A, T, and a kid named J A. The next day in class they all got around his desk and T said something to the effect of "remember what I did to you yesterday? I'll do that again if you tell anyone." A said that he had not heard anything about students posting things to Facebook or other social media about the event.
9. A said that pretty much all the players from the team, short of the juniors (who were cleaning the equipment room), were in the locker room during the event and the only kid that told them to stop was A P.
10. A talked about a kid named I D who had quit football due to the bullying by other players. The coaches had begged him to play again and that they would keep him safe. A said that A S and S F cornered Isaac one day, threw him up against the wall, and said they would rape him if he did not play football.
11. Shelly said that she heard about the wedgie that tore A's underwear while walking him into school the next day. Shelly sent A off to class and went in to the talk to the superintendent, Ben Hardcastle. After reporting the wedgie to Hardcastle, Shelly was told about the hanger incident by her son, R. Shelly immediately went to A and asked if it was true. After being told that it did in fact happen she went right back to Hardcastle's office and told him the rest of the story.

**SYNOPSIS:**

On November 10, 2015, Office of Attorney General (OAG) Investigators Anthony Pittz and Gregg Lockwood, along with Chief Investigator Michael Steen, met with Dietrich School District Superintendent Ben Hardcastle to serve him a search warrant for documents relating to the investigation he had done into the alleged sex offense on A [REDACTED] M [REDACTED].

**INVESTIGATIVE INFORMATION:**

1. The OAG investigators were accompanied to the Dietrich School by Lincoln County Deputy Scott Denning and directed to the main office. The school's secretary had the investigators wait in Hardcastle's office while she called for him to respond from the gym. Once Hardcastle joined the investigators in his office the warrant was read to him and he retrieved the folder full of documents he had put together during his investigation. The documents that Hardcastle turned over included:
  - Forwarding address information for suspect John Howard in Texas
  - A roster of the Dietrich High School football team
  - A staff roster for employees of the Dietrich School
  - A roster of all coaches associated with the football team
  - A diagram depicting the layout of the Dietrich School
  - A roster of all students who attend Dietrich School
  - A [REDACTED] M [REDACTED]'s IEP paperwork
  - Dietrich School District Policy 3290 – Harassment
  - Dietrich School District Policy 3295 – Hazing
  - Dietrich School District Policy 3340 – Corrective Actions

- Dietrich School District Policy 3210 – Grievances
  - Dietrich School District Policy 4120 – Community Relations
  - Hardcastle’s investigative report
  - Hardcastle’s desktop notebook
  - Student discipline files for involved students
  - Thumb drive containing the surveillance video from outside the locker room
  - Black Plastic Coat Hanger
  - Gray Wire Coat Hanger
2. Hardcastle, along with the secondary principal Stefanie Shaw, gave investigators a tour of the areas of the Dietrich School where A■■■■■ claimed he was assaulted. In A■■■■■’s complaint he claimed that A■■■■■ H■■■■■ had “humped” him in the “cold room.” The cold room turned out to be a cinderblock room attached to the back of the school building that was utilized to hold the football team’s pads and equipment due to how small the locker room was. Athletes had to exit the main building in order to enter the cold room. Next was the boys’ locker room. The locker room consisted of two rooms; one was used by the high school and another by the junior high. I took five pictures of the high school locker room as this was where A■■■■■ said the assault occurred. Hardcastle pointed to a spot on the floor that was between the sinks and toilets and said that he had recovered the black plastic coat hanger believed to have been used in the assault from the floor in that area and had it stored in his office. Another coat hanger, this one gray in color and wire in form, was also found in the locker room and was taken by Hardcastle just in case it was also used. In the hallway outside the locker room was a surveillance camera and that was the angle that Hardcastle said they used to identify what students may have been in the room during the assault.
  3. After the tour of the school, we returned to Hardcastle’s office to talk about his investigation. On Friday, October 23, 2015, Shelly M■■■■■ came to Hardcastle’s office and mentioned that A■■■■■ had gotten a wedgie the previous day and Hardcastle said that he would look into it. Later in the morning Shelly was told about the hanger incident by her son, R■■■■■, and she went to Shaw to tell her. Shaw directed her to Hardcastle’s office and the investigation began from there.
  4. Hardcastle said that he did not notify the sheriff’s office immediately because Lincoln County had just had a deputy pass away and he knew they were busily involved with that. He called the sheriff on Monday morning and left a message and also knew that the M■■■■■s had contacted the sheriff’s office when they took A■■■■■ to the hospital on Friday afternoon.
  5. Hardcastle pulled two of the boys, T■■■■■ W■■■■■ and John Howard, out of their classrooms and sequestered them so they could not talk to anyone about what happened both before and after he interviewed them. W■■■■■ and Howard both completed written statements about the incident. Both statements admitted to W■■■■■ and Howard being involved but tried to minimize the event as an accident and not intentional.
  6. Interviews with other students were done throughout the day. By the conclusion of these interviews, Hardcastle felt he had enough evidence to say definitively that Howard and W■■■■■ had been involved in

at least harassment. Both of them were told they were not playing in the football game that was scheduled for that night and were suspended from school for the next week.

7. Hardcastle went to the football coaches and told them about the suspensions and that the school was investigating an incident reported to have happened in the locker room. He requested they increase their supervision in that area.
8. I asked Hardcastle why A [REDACTED] H [REDACTED] was not addressed in the same manner as W [REDACTED] and Howard when A [REDACTED]'s complaint listed him as being directly involved. Hardcastle said that the only evidence he could find regarding H [REDACTED]'s involvement was the "humping" prior to the hanger incident. Statements from witnesses contradicted A [REDACTED]'s recollections that H [REDACTED] was holding him while A [REDACTED] was assaulted by the hanger. The only witness that would say H [REDACTED] was holding A [REDACTED] was from R [REDACTED]. R [REDACTED]'s story was filled with a mix of things he admitted to actually seeing and things that he had heard had happened while A [REDACTED] was talking at home. Shelly admitted to Hardcastle that R [REDACTED] lies. During H [REDACTED] interview with Hardcastle he admitted to "humping" A [REDACTED] in the cold room but said it happened days before the hanger incident. One witness had told Hardcastle that after A [REDACTED] got the wedgie, he chased T [REDACTED] into the junior high locker room yelling and H [REDACTED] ran in after them. When asked about this, H [REDACTED] admitted to that happening and said that Howard, H [REDACTED] and A [REDACTED] ended up in the bathroom section of the junior high locker room. H [REDACTED] said that someone closed the door and H [REDACTED] turned off the lights and Howard and H [REDACTED] "humped" on A [REDACTED]. Then the lights got turned back on and everyone left that room laughing. H [REDACTED] was later suspended for the harassment from the "humping".
9. During the interviews, Hardcastle was told by many players that the team captains were the last ones in the cold room. They did not recall seeing H [REDACTED] and A [REDACTED] in the room together on the day of the hanger incident. The captains said A [REDACTED] was usually one of the last ones in the cold room and they are often tasked with helping him get his pads on.
10. On Monday and Tuesday, October 26 and 27, Hardcastle interviewed more students after calling their parents and giving them a chance to attend. The surveillance video was used to identify what students should be talked to. During the interviews it was determined that most, if not all, of the witnesses only looked over when they heard the commotion in the locker room. No one saw much of anything until they saw Howard kicking at the hanger. At the time that most of the witnesses started seeing anything, the hanger was already suspended from A [REDACTED]'s buttock area and no one saw W [REDACTED] put it there.
11. In his interview, W [REDACTED] said that he was tapping A [REDACTED] between the knees with the hanger, from behind, when Howard kicked it, it flew from his grasp, and lodged itself in between A [REDACTED]'s buttocks. W [REDACTED] admitting to pulling the hanger free of A [REDACTED]'s rectum and throwing it across the room.
12. In Howard's interview he said that the hanger was between A [REDACTED]'s buttocks and Howard kicked towards A [REDACTED] to get him away. Howard said one of the kicks happened to hit the hanger and pushed it further in. Howard tried to play it all off as an accident but other kids said that Howard was laughing as he repeatedly kicked at the hanger.
13. Howard was living with his grandparents in the Dietrich School District while attending school. He flew back to his parents' home in Texas in the days following the incident. Hardcastle, and Howard's

grandparents, had told the parents that Howard should stay while they find out what all happened but he still left.

14. I asked Hardcastle if he looked into the nicknames that A█████ was called that might have possibly been racially insensitive. Hardcastle said that he talked to the coaches about it and they admitted A█████ was called "fried chicken, grape soda, and Kool Aid" but that they only called him that because he said he liked those things. The coaches said they bought A█████ grape soda one time for getting a big play on the football field because he said it was one of his favorite things. Hardcastle said the coaches and players appeared to be genuinely surprised when he told them that those things could have racial connotations. During interviews, Hardcastle did hear that Howard referred to A█████ as a "dumb n█████" one time but he was not able to ascertain if it was said to A█████ or just about A█████.
15. According to Hardcastle, Dietrich School District has historically been culturally diverse with an African-American population of at least 4%. Numerous families in the district have adopted many children of African-American heritage.
16. Hardcastle said that the issue with Howard "humping" other players on the football team had come up before and been looked into by Shaw. It was reported to have been happening over the summer at football camp. The football coach punished him by taking away playing time.
17. Hardcastle reported his investigation was initially hindered by the students following a "bro code" or the mentality that "what happens in the locker room stays in the locker room". There appeared to be a hierarchy amongst the students, and especially the football team. A group of the more talented, primarily senior, players were deemed to be "untouchable". W█████ and Howard were not in that group and Hardcastle mused that this behavior possibly stemmed from them attempting to "break into" that group.
18. All of the documents, video, and audio collected from the search warrant and interviews were downloaded into Time Matters and submitted to evidence back at the OAG.

Dear Mr. Wasden,

Please find enclosed a supplement report of a crime committed in Lincoln County, Idaho, which the Lincoln County Sheriff's office was just made aware of.

I am writing to ask that the office of the Idaho Attorney General investigate and if necessary prosecute any and all criminal offenders. I have attached a summarized report and at your request can provide you more information.

The Lincoln County Sheriff's Office and to a great extent, my office are conflicted due to personal and professional relationships within the school administration and the teachers who may be witnesses and or possible defendants.

The conflicts are one reason for my request; the other is bases on my conversation with the responding officer. Deputy Denning tells me that the victim, who is an African American, alleges that the couches and assailants, who are Caucasian and Hispanic, would call him racial names such as "watermelon", "fried chicken", "kool-aid", etc. Both Sheriff Ellis and I are very concerned that the racial nature of how the victim was treated coincides with the nature of the crime and requires a disinterested investigation and possible prosecution to insure full accountability by each person involved with this horrible crime.

If I may provide you with any further information or answer any questions regarding this request, please contact me at my office number above or call me on my cell phone, [REDACTED].

I look forward to hearing from you soon.

Sincerely,

A handwritten signature in blue ink that reads "E. Scott Paul".

**SUPPLEMENTAL REPORT**

**1510421**

On 10-28-2015 I, Sgt. Scott Denning was on duty for the Lincoln County Sheriff's Office. During this time (0845hrs) I was involved in a CARES interview at St. Luke's Magic Valley Medical Center. The Victim involved is A [REDACTED] M [REDACTED] (DOB: [REDACTED]) a 17yoa resident of Dietrich Idaho. Through the CARES interview A [REDACTED] stated that he had been the victim of a rape with a foreign object by several fellow football players on school grounds. A [REDACTED] stated that his fellow football players and the football coaches routinely called him racial names during practice at the Dietrich school. Due to the allegations made during this CARES interview I believe it would be prudent for the Lincoln County Sheriff's Office and the Lincoln County Prosecutor's Office to request that the Idaho Attorney Generals' Office take over this investigation.

**SYNOPSIS:**

On December 17, 2015, Office of Attorney General (OAG) Investigator Anthony Pittz travelled to Dietrich, Idaho, to meet with A [REDACTED] M [REDACTED] and his mother, Shelly M [REDACTED]. The purpose of the visit was to obtain a DNA sample from A [REDACTED] to be compared to anything located by the Idaho State Laboratory on the hanger he was assaulted with.

**INVESTIGATIVE INFORMATION:**

1. I met with Shelly at the Dietrich School and she went with me to get A [REDACTED] out of his class. A [REDACTED] used two swabs to rub the insides of his cheeks. I stored the swabs inside a Styrofoam cup in order to allow them to air dry prior to packaging. Once the swabs had dried, they were placed in paper envelopes and sealed into an evidence envelope to be transported to the Idaho State Lab.
2. Shelly had brought the underwear that A [REDACTED] had been wearing when he was assaulted. These were the underwear that were ripped from the wedgie. The underwear were sealed in a plastic bag when they were given to me. I placed the bag into an evidence envelope and sealed it. These were entered into evidence.

### SYNOPSIS:

On December 17, 2015, Office of Attorney General (OAG) Investigator Anthony Pittz travelled to Dietrich, Idaho, to interview C■■■■ A■■■■ H■■■■ (A■■■■) regarding the incident in the locker room involving A■■■■ M■■■■. A■■■■ was accompanied by his father, Enrique. With the consent of the H■■■■s, the interview was recorded and the CD with full audio is available from evidence.

### INVESTIGATIVE INFORMATION:

1. A■■■■ was a member of the Dietrich High School football team. He was present in the locker room on October 22, 2015, both before practice when A■■■■ was given a wedgie, as well as after practice when A■■■■ was assaulted with a coat hanger.
2. A■■■■ said this season was A■■■■'s first one playing football, and the team did their best to make him part of the group. A■■■■ got along with everyone. A■■■■ was a normal participant in the teasing that went on among the team. He would get teased as well as tease others.
3. A■■■■ was asked to explain the "dry humping" that was going on with the team. He said that everyone took part in it, A■■■■ included. It was just done for fun and did not really have a purpose.
4. A■■■■ said the wedgie was not planned ahead of time and just happened. They were talking about practice and A■■■■ put his arm around A■■■■'s shoulders. T■■■■ W■■■■ came up behind A■■■■ and gave him a wedgie that tore A■■■■'s underwear. Everyone started laughing after this happened. A■■■■ chased T■■■■ into the smaller room in the locker room and tried punching him. A few members of the team ran to the door to watch. When they came back out of the room, T■■■■ was apologizing and saying he would get A■■■■ new underwear.

|--|---------------|--|---------------|

5. After practice there was a hanger on A■■■■'s locker. He took the hanger off the locker and set it down on the bench. Since A■■■■'s underwear was ripped from the earlier wedgie, his butt was exposed. A■■■■ looked over when he heard A■■■■ yell. A■■■■ saw T■■■■ holding onto the hanger that was now inside A■■■■'s butt. A■■■■ then saw John Howard kick the hanger. This caused the hanger to go further inside A■■■■. John said something to effect of "get away from me, A■■■■" as he kicked the hanger. To A■■■■ it looked like John was trying to kick A■■■■, not the hanger. A■■■■ ran over by the sinks, near T■■■■ H■■■■ and asked for help. A■■■■ was not sure if A■■■■ pulled the hanger out himself or if someone else did it for him. A■■■■ was yelling "that hurts," "why did you do that," and "what was that for" after the hanger was kicked. John and ■■■■■ were just laughing. Shortly after this, everyone calmed down and left the locker room.
6. I asked A■■■■ about Ben Hardcastle's investigation that said A■■■■ had "dry humped" A■■■■ after the wedgie. A■■■■ said that he had "dry humped" A■■■■ but it was not that same date. A■■■■ said that on a different date, shortly before the 22<sup>nd</sup> of October, A■■■■ John and A■■■■ were in the bathroom portion of the locker room messing around. Several members of the football team were watching John "dry hump" A■■■■. Someone closed the door and A■■■■ turned off the lights and "dry humped" A■■■■ as well.
7. A■■■■ said things like this happened in the locker room pretty much every day. Nothing to the extent of the hanger incident, but the teasing and dry humping were normal occurrences.
8. A■■■■ said that A■■■■ was called "Grape Soda Man" on the football team. The players started it and the coaches picked up on it. A■■■■ did not feel this was a racial thing but was because grape soda was A■■■■'s favorite drink. A■■■■ would always ask for it as a reward or when they went to the store in town.
9. The H■■■■s were told to give me a call if they thought of anything else and the interview was ended.

**SYNOPSIS:**

On December 17, 2015, Office of Attorney General (OAG) Investigator Anthony Pittz travelled to Dietrich, Idaho, to interview K S regarding the incident in the locker room involving A M. K was accompanied by his parents, Acey and Jalyn. With the consent of the Ss, the interview was recorded and the CD with full audio is available from evidence.

**INVESTIGATIVE INFORMATION:**

1. K was a member of the Dietrich High School football team and was in the locker room during the October 22, 2015, incident involving A, T W, and John Howard.
2. When asked about the "dry humping" that had been reported by several players as happening, K said it had been going on "forever." It had slowed down quite a bit until John showed up. John was the primary person doing it.
3. K did not see the wedgie happen but he did see the aftermath. A's underwear was ripped at the waistband across the entire back and was hanging down a bit. After practice they were hanging a lot further.
4. The first thing K saw with the hanger was John kicking A twice and then T pulled the hanger out of him. A was walking around the locker room saying how bad it hurt. K had been playing on a cell phone prior to this all happening but did not take any pictures. John and T were "smirky" at first until they realized what had actually happened and then they were more subdued. A walked over by the sinks and said "I think it's bleeding" and a few of the kids checked for him. Then the coach walked in but no one said anything to him about what happened.

5. A■■■■ had reported that A■■■ was holding him when the hanger incident happened but Kade said that A■■■ was not near A■■■■ during it all.
6. K■■■ said that he felt this happened as a result of the "dry humping" and teasing progressing too far and no one putting a stop to it. K■■■ did not feel that A■■■■ was targeted in any way with this and it could have happened to any other student if they had been in that position.
7. No one has been discussing this incident around the school since it happened.
8. In regard to the nicknames that A■■■■ was called (Grape Soda, Fried Chicken, and Watermelon), K■■■ said they all started as ways to get A■■■■ fired up to play football. They were not meant to be racial; they were derived from the things A■■■■ said were his favorite things.
9. The S■■■s were told to give me a call if they thought of anything else and the interview was ended.

3. A [REDACTED] was in the shower during the entire hanger incident and did not personally see anything happen. From inside the shower he could hear a bunch of noise and A [REDACTED] screaming. A [REDACTED] yelled for them to stop it and was told to "shut up" because he was just a freshman. When he got out of the shower, he heard everyone talking about how T [REDACTED] and John put a hanger in A [REDACTED]'s butt. A [REDACTED] was sitting on the bench talking about how bad it hurt. T [REDACTED] and A [REDACTED] told A [REDACTED] to bend over so they could see his butt. A [REDACTED] did and they said "holy crap."
4. A [REDACTED] said that he did not feel this was targeted towards A [REDACTED] and could have happened to any other kid if they had been in that position.
5. When asked about the "dry humping," A [REDACTED] said he only ever saw John do it. That it had happened at football camp and again in the locker room.

**SYNOPSIS:**

On December 17, 2015, Office of Attorney General (OAG) Investigator Anthony Pittz travelled to Dietrich, Idaho, to interview K P regarding the incident in the locker room involving A M K was accompanied by his mother, Traci. With the consent of the P's, the interview was recorded and the CD with full audio is available from evidence.

**INVESTIGATIVE INFORMATION:**

1. K did not become a member of the Dietrich High School football team until the last game of the season. K was not a witness to the October 22, 2015, incident with the coat hanger between A, T W and John Howard.
2. K and Traci were surprised to hear that I wanted to interview K since he was not at present for the assault. I told them that I got his name from Ben Hardcastle's report and asked K if he knew why his name would be there. K said that he got curious when A H and John were called to the office on the day that A's mother reported the assault to Ben, so he started asking around about what happened. K talked to T about what happened. T placed all the blame on John. T said that he was going to "gobble" A (smack him in the testicles with the hanger from behind.) Before the hanger got even close to A, John kicked the hanger and it flew up and into A's rectum. T told K that he never touched A with the hanger.
3. K said he felt that if John had never moved to Dietrich then the incident would not have happened. John would do anything on a dare in order to make friends. John would always take jokes too far and not worry about the consequences. K tried to talk to John about what happened but John would only say he did not do anything.

**SYNOPSIS:**

On December 17, 2015, Office of Attorney General (OAG) Investigator Anthony Pittz travelled to Dietrich, Idaho, to interview E [REDACTED] T [REDACTED] H [REDACTED] (T [REDACTED]) regarding the incident in the locker room involving A [REDACTED] M [REDACTED]. T [REDACTED] was accompanied by his mother, Magdalena Venegas. With the consent of T [REDACTED] and Magdalena, the interview was recorded and the CD with full audio is available from evidence.

**INVESTIGATIVE INFORMATION:**

1. T [REDACTED] was a member of the Dietrich High School football team and was in the locker room on October 22, 2015 when the incident with the coat hanger happened between A [REDACTED], T [REDACTED] W [REDACTED], and John Howard.
2. I asked T [REDACTED] about the "dry humping" that was reported to have been happening. T [REDACTED] said that A [REDACTED] H [REDACTED] T [REDACTED] and John were the only ones that regularly did it. T [REDACTED] said they would accompany the "dry humping" with "all the sounds that would go with it (sex)."
3. T [REDACTED] was in the locker room when the wedgie happened before practice but did not see it happen. A [REDACTED] chased T [REDACTED] around the locker room afterwards but T [REDACTED] could not remember what was being said. T [REDACTED] saw A [REDACTED] push A [REDACTED] into a bathroom stall after the wedgie and T [REDACTED] could hear "humping sounds" coming from inside. A bunch of players gathered around the stall door and were laughing. Everyone went to practice afterwards.
4. T [REDACTED] did not see A [REDACTED] get assaulted with the hanger but A [REDACTED] came over to him screaming. T [REDACTED] was not sure if the hanger was still inside A [REDACTED] when he came over but T [REDACTED] did not see anyone pull it out. A few players used their phones as flashlights to look at A [REDACTED]'s rectum and T [REDACTED] said it was bleeding.

5. At some point after the incident the coach came in to the locker room to hand out shirts. There were only a few players still in the locker room at that time and everyone was laughing. No one told the coach what happened.
6. T■■ and Magdalena were told to give me a call if they thought of anything else and the interview was ended.

**SYNOPSIS:**

On December 17, 2015, Office of Attorney General (OAG) Investigator Anthony Pittz travelled to Dietrich, Idaho, to interview P [REDACTED] S [REDACTED] V [REDACTED] (S [REDACTED]) regarding the incident in the locker room involving A [REDACTED] M [REDACTED]. S [REDACTED] was accompanied by his father, Perry. With the consent of the V [REDACTED]s, the interview was recorded and the CD with full audio is available from evidence.

**INVESTIGATIVE INFORMATION:**

1. S [REDACTED] was a member of the Dietrich High School football team and was in the locker room on October 22, 2015 when the incident with the coat hanger happened between A [REDACTED], T [REDACTED] W [REDACTED], and John Howard. S [REDACTED] was not in the locker room when the wedgie happened before practice but walked in right afterwards and heard it being talked about. S [REDACTED] heard T [REDACTED] tell A [REDACTED] that he would buy A [REDACTED] some new underwear.
2. S [REDACTED] was asked about the "dry humping" that had been reported. He said that T [REDACTED] and John were primarily the ones that perpetrated it. It had been done occasionally by other players but became much more frequent once John moved to Dietrich and started doing it.
3. S [REDACTED] was in the shower when the assault on A [REDACTED] involving the coat hanger occurred. He heard A [REDACTED] scream but that was not an abnormal thing for A [REDACTED]. He would scream just out of nowhere at any time. S [REDACTED] heard A [REDACTED] P [REDACTED] yell for them to stop whatever they were doing but could not remember if anyone said anything back to him. By the time S [REDACTED] got out of the shower, the coach was already in the locker room and everything had calmed down. A [REDACTED] was laughing along with everyone else when S [REDACTED] got out of the shower.

4. S [REDACTED] did not feel that A [REDACTED] was targeted with this incident and it could have happened to any player that was in that situation at that time. S [REDACTED] felt this incident was a progression of the teasing and "dry humping" and could have possibly been prevented if someone had stepped up and told everyone to stop.
5. When asked about the nicknames A [REDACTED] was called on the football team, S [REDACTED] could only recall him being called "T [REDACTED]." When prompted and asked about the possibly racial names of "fried chicken, grape soda, and watermelon," S [REDACTED] said that he heard T [REDACTED] call A [REDACTED] "fried chicken" a few times. A [REDACTED] had told them fried chicken was his favorite food and T [REDACTED] started it after that.
6. The V [REDACTED]s were told to give me a call if they thought of anything else and the interview was ended.

**SYNOPSIS:**

Lincoln County Prosecuting Attorney (PA) E. Scott Paul submitted an October 28, 2015, request for assistance letter to the Office of Attorney General (OAG) for investigative and prosecutorial assistance. PA Paul's request letter outlines the following:

- 1) The victim is an African American student who alleges school coaches and assistants call the victim "watermelon, fried chicken, Kool-Aide, etc."
- 2) The victim, 17 year old Dietrich High School student A [REDACTED] M [REDACTED] alleges he "had been the victim of a rape with a foreign object by several football players on school grounds."

The assault was reported to have occurred on October 22, 2015, in the locker room of Dietrich High School after football practice. Dietrich High School is at 406 North Park Street, Dietrich, Lincoln County, Idaho.

**INVESTIGATIVE INFORMATION:**

1. On October 23, 2015, A [REDACTED] told his mother, Shelly M [REDACTED] that the previous day he had been given a wedgie in the locker room before practice that tore his underwear. A [REDACTED] was hugged and held in place by O [REDACTED] H [REDACTED] (A [REDACTED]), while T [REDACTED] W [REDACTED] pulled A [REDACTED]'s underwear up, tearing them. After practice, T [REDACTED] stuck the hook end of a black, plastic coat hanger into A [REDACTED]'s rectum. John Howard then kicked the hanger at least once, but possibly two or three times, forcing the hanger deeper into A [REDACTED]'s rectum. A [REDACTED] said the hanger caused pain and he asked for help to get it out. Eventually, T [REDACTED] pulled the hanger from inside A [REDACTED] and threw it onto the floor. A [REDACTED]'s rectum was bleeding after the hanger was removed. A coach came into the locker room after this but no one told him what happened.

2. A█████ had reported that prior to practice A█████ had grabbed him in the equipment room and "dry humped" him. This involved knocking A█████ to the ground, lying on top of him, and simulating having sexual intercourse with him. Both boys had their clothing on at the time. This was an act that several members of the football team had been doing to other players for quite some time. A█████ admitted to this happening between he and A█████ but said it was on a different date than the wedgie and assault. A█████ had also reported that A█████ was holding him in place when the hanger was inserted by T█████ but all other witnesses interviewed refuted this claim. A█████ did admit to having an arm around A█████ when the wedgie happened.
3. A█████ was taken to St. Luke's Jerome on October 23, 2015, and seen in the emergency department by Dr. Brian Johnson. An external examination of A█████'s rectum did not reveal any lacerations or obvious trauma. A CT of the abdomen and pelvis was performed at St. Luke's Magic Valley Regional Medical Center with no signs of perforation being revealed.
4. A█████ was examined and forensically interviewed at CARES St. Luke's Magic Valley on October 28, 2015. A█████'s recollection of the events to the interviewer at CARES matched pretty closely from his initial disclosure to his mom.
5. Dietrich School District Superintendent Ben Hardcastle headed up the school's internal investigation into the incident and his findings were received from the school via a search warrant. The school's investigation was concluded with A█████ being suspended for his role in the "dry humping". A█████ was cleared of the hanger incident in the school investigation by witness interviews. John and T█████ were expelled for the hanger incident.
6. I attempted to interview T█████ but his family had retained an attorney and they were advised not to consent to an interview. John had been living with his grandparents in Dietrich this school year. Within days of A█████ reporting the assault, John had moved back to his parents' home in Texas. All attempts to contact John by telephone were unanswered.
7. John completed a written statement as part of the school's investigation and this was acquired with the search warrant as well. In John's statement he wrote that T█████ put the hanger in between A█████'s buttocks twice and it hung there each time. A█████ was laughing and "playing it off." The second time the hanger was placed into A█████'s butt, about three minutes after the first time, John "pushed" A█████ away with his foot. In the process of the "push," John's foot shoved the hanger further in between A█████'s buttocks. John wrote that he did not know if the hanger penetrated A█████ but T█████ did have to pull it out.
8. Witness interviews were conducted by me with A█████, K█████ S█████, A█████ P█████, F█████ V█████, E█████ H█████, and K█████ P█████.
  - a. A█████ – A█████ admitted to taking part in the "dry humping" of A█████. A█████ said there was not a plan in place before the wedgie and he had just put his arm around A█████'s shoulders to talk to him when T█████ walked up and pulled on A█████'s underwear. The hanger that was used to assault A█████ was originally hanging from A█████'s locker but he took it down and put it on the bench. A█████ looked over when he heard A█████ yell and saw T█████ holding the hanger that was now inside A█████'s butt. A█████ saw John kick the hanger, forcing it further into A█████. A█████ did not know if John was kicking at the hanger in particular or just at A█████.

John was yelling "get away from me, A[REDACTED]" as he kicked. A[REDACTED] heard A[REDACTED] say "that hurts," "why did you do that," and "what was that for" after the hanger was kicked in.

- b. K[REDACTED] – K[REDACTED] said the "dry humping" had been going on for quite some time and John was one of the primary instigators. K[REDACTED] did not see the wedgie happen but saw the aftermath with A[REDACTED]'s torn underwear. The first thing K[REDACTED] saw with the hanger was John kicking A[REDACTED] twice and the kicks hitting the hanger. K[REDACTED] saw T[REDACTED] pull the hanger out of A[REDACTED]. A[REDACTED] was walking around the locker room saying how bad it hurt. A[REDACTED] said that he thought he was bleeding and several kids checked for him. According to K[REDACTED], A[REDACTED] was not anywhere near A[REDACTED] when the hanger incident was happening.
- c. A[REDACTED] – A[REDACTED] was not in the locker room during the wedgie and was in the shower during the hanger incident. A[REDACTED] heard A[REDACTED] screaming and A[REDACTED] yelled for them to stop whatever they were doing to him. A[REDACTED] was told to "shut up" because he was just a freshman. When he got out of the shower, A[REDACTED] heard everyone talking about how T[REDACTED] and John put a hanger in A[REDACTED]'s butt. A[REDACTED] was sitting on the bench talking about how bad it hurt. Regarding the "dry humping," A[REDACTED] said that he only saw John do it and it had happened at football camp and in the locker room.
- d. P[REDACTED] – P[REDACTED] was not in the locker room when the wedgie happened but walked in right after it happened and heard everyone talking about it. F[REDACTED] heard T[REDACTED] tell A[REDACTED] he would buy him some new underwear. P[REDACTED] was in the shower when the hanger incident happened and did not see any of it. He heard A[REDACTED] scream but that was not unusual for A[REDACTED] as he would often scream for no reason. When P[REDACTED] got out of the shower the coach was already in the locker room and everyone had calmed down. A[REDACTED] was laughing along with everyone else.
- e. E[REDACTED] – E[REDACTED] was in the locker room during the wedgie but did not see it happen. E[REDACTED] also did not see the assault with the hanger happen but A[REDACTED] did come over to him afterwards, with the hanger still inside him, asking for help. E[REDACTED] was not sure who pulled the hanger out of A[REDACTED] but he did hear T[REDACTED] say it was bleeding when several players used the lights on their phones to look.
- f. K[REDACTED] – K[REDACTED] was not in the locker room for either the wedgie or the assault. K[REDACTED] was interviewed by Superintendent Hardcastle because K[REDACTED] had gotten curious and heard the story from several sources. K[REDACTED] spoke with T[REDACTED] about the incident and T[REDACTED] put all the blame on John. T[REDACTED] was going to "gobble" A[REDACTED] with the hanger (referring to striking him in the testicles with the hanger from behind.) Before the hanger made contact with A[REDACTED], John kicked it out of T[REDACTED]'s hand and it flew up and into A[REDACTED]'s rectum.

9. According to everyone interviewed, the nicknames that A[REDACTED] was called (Grape Soda, Fried Chicken, Watermelon, etc.) came from A[REDACTED] stating these were his favorite foods and drink. A[REDACTED] would ask for these things as rewards when he did well on the football field. No one felt they were racist in nature.

10. Buccal swab samples were acquired from A[REDACTED] and, along with the hanger, were submitted to the Idaho State Forensic lab for comparison.

**SYNOPSIS:**

On March 18, 2016, Office of Attorney General (OAG) Investigator Anthony Pittz interviewed Shelly M [REDACTED] at the Lincoln County Courthouse in Shoshone, Idaho. Shelly had called earlier in the week stating that she had some more information to share regarding the incident in the locker room involving A [REDACTED] M [REDACTED]. I attempted to digitally record the interview but the batteries in my recorder died as I pressed the record button and nothing was saved.

**INVESTIGATIVE INFORMATION:**

1. On Monday, March 7, 2016, A [REDACTED] went to the home of G [REDACTED] A [REDACTED] to help G [REDACTED] with his goats. When A [REDACTED] came home he asked his parents if they could drop the charges. After questioning, A [REDACTED] said that he wanted to drop the charges because G [REDACTED] told him that they could not hang out anymore because someone told G [REDACTED] he would get in trouble for hanging out with A [REDACTED] and A [REDACTED]'s brother, F [REDACTED], due to everything that was going on.
2. While talking with his parents, A [REDACTED] said that he remembered some other incidents that had happened that he had previously either forgotten or been too embarrassed to tell anyone about. Both incidents happened on bus rides after football games. Team coaches were said to be on the bus each time. A [REDACTED] told them about a time when T [REDACTED] W [REDACTED] pulled off A [REDACTED]'s pants and underwear and "they" took pictures of him. A [REDACTED] did not know who "they" included; just team members on the bus. A [REDACTED] did not say how he got his pants back or what happened afterwards. The second incident A [REDACTED] only knows of because the players told him about it afterwards while teasing him. While A [REDACTED] was asleep on the bus, John Howard reportedly played with A [REDACTED]'s penis and gave him an erection. A [REDACTED] did not know for sure what games the team was coming from or the dates that these

On March 31, 2016, Office of Attorney General (OAG) Investigator Anthony Pittz was contacted by Idaho State Police (ISP) Laboratory Analyst Tomasine Quinney and notified that the report regarding the coat hanger that had been submitted for testing was available.

1. I logged into the online portal for the ISP laboratory and printed the Forensic Biology Report and it has been attached to this narrative.
2. Under the heading "Conclusions and Interpretations" was the following verbiage:
  - a. "Item 2 (listed above in the report as the Black plastic hanger) was examined visually and microscopically for the presence of blood and feces. No stains consistent with blood or feces was observed on this item."

**SYNOPSIS:**

On May 24, 2016, OAG Investigator Tony Pittz received a phone call from Shelly M [REDACTED] regarding a conversation she had with A [REDACTED] M [REDACTED] the previous evening. A [REDACTED] is temporarily staying at the residence of Tracy and Traci Perron and it had previously been brought to the attention of the OAG that A [REDACTED] had possibly made some recanting statements regarding the accusations he had previously made against T [REDACTED] W [REDACTED] and John Howard.

**INVESTIGATIVE INFORMATION:**

1. Deputy Attorney General Brenda Bauges had previously received a phone message from Shelly explaining the conversation. I have listened to the message and it matches with the information that Shelly gave to me when we talked on the phone. The message has been saved to Time Matters.
2. Shelly had called to let the OAG know that A [REDACTED] had left home after an argument with his parents and has been staying at the home of Tracy and Traci Perron. According to Shelly, A [REDACTED] was confronted by a couple of the football coaches, Rick Astle and Mike Torgerson, and they recorded him talking about what had happened in the locker room. The coaches told A [REDACTED] that he needed to tell the truth. A [REDACTED] had said that he felt he lied under oath but according to Shelly it was only in regards to what way he might have been facing in the locker room. A [REDACTED] felt that he was too positive when he testified that he knew which way he was facing.

**SYNOPSIS:**

On May 26, 2016, OAG Investigator Tony Pittz and Deputy Attorney General Casey Hemmer met with Tracy P [REDACTED] at Dietrich School regarding A [REDACTED] M [REDACTED] coming and staying at his house after leaving home after an argument with his parents.

**INVESTIGATIVE INFORMATION:**

1. Tracy P [REDACTED] met with us in his classroom as school was closed for the day. Tracy did not speak with A [REDACTED] much in the first two days that A [REDACTED] was at the house. On Saturday morning A [REDACTED] approached Tracy and asked him "What do you think I should do?" Tracy told A [REDACTED] that he should tell the truth, no matter what that was. A [REDACTED] told Tracy that A [REDACTED]'s dad had said A [REDACTED] could go to jail and have to pay \$40,000 if he were to change his story and be lying.
2. Tracy made a point of telling us that he had tried not to pry and did not want to really hear too much of what A [REDACTED] was saying because he was worried about getting "too involved."
3. Tracy said that at about 4 a.m. on Tuesday morning he could hear his son K [REDACTED] and A [REDACTED] talking in K [REDACTED]'s bedroom. Tracy went into the room and asked A [REDACTED] two questions: "Did you parents know you were lying?" and "Did your lawyer know you were lying?" According to Tracy, A [REDACTED] answered "I think so." I asked Tracy if A [REDACTED] had ever specifically said that the events in the locker room did not happen and he said no.
4. Tracy said that he felt A [REDACTED] would go along with whatever version of events someone would tell him happened.

**SYNOPSIS:**

On May 26, 2016, OAG Investigator Tony Pittz and Deputy Attorney General Casey Hemmer met with K P at Dietrich School regarding A M coming and staying at his house after leaving home following an argument with his parents.

**INVESTIGATIVE INFORMATION:**

1. K P met with us in his father's classroom as school was closed for the day. K said that he got home around 10:30 pm on Thursday, May 19, 2016, and saw A walking down the road. K could tell that A was upset and asked him if he wanted to go for a ride. K and A rode around for about an hour while A told K about what was going on.
2. A had gotten into an argument with his parents about chores and had left the house. He went to coach Rick Astle's house where he met with Rick and head football coach, Mike Torgerson. Mike asked A if it was ok to record their meeting and A said it was ok. After they had met, Rick and/or Mike had called A's bishop and he came over to the house. The bishop took A home to try and work things out with his parents. Another argument happened and A left again. This was when K found him walking down the road. K did not know exactly what A had told Rick and Mike.
3. K took A to K's home and let him stay the night. A ended up staying until Wednesday, May 25, 2016. They went to A's house to pick up some of his belongings and found his stuff in garbage bags outside in the rain. The items were soaking wet and dirty.
4. Sometime during the week, A told K that A had met with his dad, Tim, and they had argued again. Tim had asked A what he told Mike and if he had "spilled the beans." A told

him that he had told Mike and Rick everything and he was done lying. Tim supposedly told A [REDACTED] that he had let down the family and they were going to have to move now.

5. Early one morning, K [REDACTED]'s dad, Tracy, came into K [REDACTED]'s room to talk to A [REDACTED]. Tracy asked A [REDACTED] if he was lying about the case. A [REDACTED] appeared flustered but did not really answer the question. Tracy then asked if A [REDACTED]'s parents and/or lawyer knew he was lying. A [REDACTED] answered "I think so." A [REDACTED] never did explain what exactly it was he felt he had lied about.
6. K [REDACTED] said that A [REDACTED] was a lot of work to have in the home. He needed a lot of help with keeping his medication straight and would lie about taking his pills and about showering.
7. I asked K [REDACTED] if there was anything else he thought we should know and he said that the media is depicting the M [REDACTED] parents, Tim and Shelly, as some sort of angels but the town knows that is not so. According to K [REDACTED], it is well known that Tim has a temper and is abusive in the home. A [REDACTED] told K [REDACTED] about a time that Tim broke a vacuum across A [REDACTED]'s back during an argument.

### SYNOPSIS:

On May 26, 2016, OAG Investigator Tony Pittz and Deputy Attorney General Casey Hemmer met with A [REDACTED] M [REDACTED] and his attorney, E. Lee Schlender, regarding the possibility that A [REDACTED] had been making recusing and impeaching statements regarding this investigation.

### INVESTIGATIVE INFORMATION:

1. A [REDACTED] met with us, and his attorney, at the Lincoln County Courthouse in Shoshone. I told A [REDACTED] that I needed to talk to him about the last week or so and that I had heard he might have told some people he lied. He agreed to talk to me and tell me about what was going on.
2. On Thursday, May 19, 2016, A [REDACTED] got into an argument with his parents over chores and left the house. He went to the school to play basketball and ran into some other boys: A [REDACTED] P [REDACTED] C [REDACTED] B [REDACTED], G [REDACTED] A [REDACTED] and J [REDACTED] S [REDACTED]. They talked about the court case and J [REDACTED] S [REDACTED] kept telling him not to let T [REDACTED] W [REDACTED] go to prison. Eventually, A [REDACTED], J [REDACTED], and G [REDACTED] went to G [REDACTED]'s home to meet with G [REDACTED]'s dad, Rick A [REDACTED], and the head football coach, Mike Torgerson.
3. At the house, Mike asked A [REDACTED] if it was ok to record their conversation and A [REDACTED] consented. A [REDACTED] said some things he felt he should not have. He talked about not getting along with his parents. A [REDACTED] told them that he did not want to file the civil suit but his parents had talked him into it and he felt like it was all about the money. (A [REDACTED] told me he talked about this with his parents later and now feels the suit is not about the money and is instead about making sure this type of thing does not happen to others with disabilities.) Someone at the house asked A [REDACTED] if T [REDACTED] had really put the hanger in his rectum and he said yes but he was not sure how it exactly happened. He was in so much pain when it happened that he cannot remember where everyone was standing or which way he

was facing. R [REDACTED] and G [REDACTED] A [REDACTED] kept telling A [REDACTED] they were going to lose their farms if the civil suit kept going and the town would fall apart.

4. The bishop, Wally Bingham, came over to the house and took A [REDACTED] home to speak with his parents. Another argument ensued and A [REDACTED] tried to leave. Wally grabbed ahold of A [REDACTED]'s arms and A [REDACTED] shoved him away and left.
5. K [REDACTED] P [REDACTED] picked him up and they drove around for a while before going back to K [REDACTED]'s house to sleep. A [REDACTED] stayed at the P [REDACTED]'s house until Wednesday, May 25, 2016. A [REDACTED] said he was treated very badly at the P [REDACTED]'s. K [REDACTED] would say harsh things about how he could kick A [REDACTED] out at any time. One night Tracy P [REDACTED] came into the room A [REDACTED] was sleeping in and scared him bad enough he screamed. Tracy asked if A [REDACTED]'s parents got him to lie and if his attorney knew this. A [REDACTED] replied "I don't think so. I don't know."
6. I asked A [REDACTED] if he ever told anyone the events from the locker room did not happen and he said no. He reaffirmed they did happen as he had told me and they should be punished for it. A [REDACTED]'s civil attorney asked him again if he told Mike and Rick anything on the recording about it not happening and he said he may have said something about it might not have happened but it was only because they kept pressuring him.

**SYNOPSIS:**

On May 27, 2016, OAG Investigator Tony Pittz called Rick A to talk to him about A M coming to Rick's home and possibly making impeaching statements.

**INVESTIGATIVE INFORMATION:**

1. Rick said that his son, G, called him and said A wanted to come over and talk to Rick. Rick told G it did not sound like a good idea but G insisted A wanted to talk so Rick relented. Rick called head football coach, Mike Torgerson, and asked him to come over to be a witness to the meeting.
2. Mike asked A if he could record the meeting and A said yes. Rick was adamant that he could not remember exactly what A said but was just giving me a summary and that I would have to listen to the recording for exacts. A told them that everything had been blown out of proportion. He also said the lawsuit was all about the money and he was pressured by his family to file it. Rick told A that he had to tell the truth, no matter what that might be. A told him he was afraid to go to jail.
3. I asked Rick about the comments A was making to me about being told everyone would lose their farms. Rick said A was the first one to bring that up. A said multiple times he "didn't want them to lose their farm" and "everyone in town is scared." Rick said that he might have agreed with A that it was possible for them to lose their farm if they had to pay a bunch of money but that was because he did not know what else to say to him.

**SYNOPSIS:**

On May 27, 2016, OAG Investigator Tony Pittz called Mike Torgerson to talk to him about A [REDACTED] M [REDACTED] going to Rick A [REDACTED]'s home and possibly making impeaching statements. Mike was at that meeting and recorded the conversation.

**INVESTIGATIVE INFORMATION:**

1. Mike said that he was called by Rick to come over to Rick's house because A [REDACTED] was on his way there. When Mike got to the house he asked A [REDACTED] if he could record the conversation and A [REDACTED] said yes.
2. A [REDACTED] said he had been pressured to say the things that were listed in the lawsuit and was pressured to sign it by his parents. A [REDACTED] had fought with his parents over chores and had told them "good luck paying your bills without me" prior to leaving. A [REDACTED] felt the lawsuit was all about the money and his dad had told them they were moving to the Bahamas when they won. A [REDACTED] said that he knew people in town were scared and he does not want anyone to lose their farm. A [REDACTED] said that everything happened so fast in the locker room that he does not know exactly what occurred or who had the hanger. According to A [REDACTED], they were just playing around.
3. I asked Mike about getting a copy of the recording and he told me that it was turned over to the school superintendent, Ben Hardcastle, and then on to the attorney representing the district in the civil suit.

**SYNOPSIS:**

On July 6, 2016, OAG Senior Investigator Tony Pittz and Deputy Attorney General Casey Hemmer met with A [REDACTED], Shelly, and Tim M [REDACTED] at the Lincoln County Courthouse. The purpose of the meeting was to talk about the status of the case and discuss the possibility of any plea offers that may be made to the defendants.

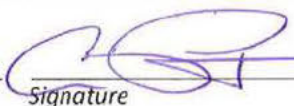

**INVESTIGATIVE INFORMATION:**

1. Shelly said that A [REDACTED] and A [REDACTED] H [REDACTED] have renewed their friendship after this incident. Shelly said that A [REDACTED] had even confessed to A [REDACTED] that A [REDACTED] had hugged him during the hanger incident. Pittz asked A [REDACTED] if A [REDACTED] said this and he nodded his head.
2. On July 25, 2016, Pittz called A [REDACTED]'s attorney, Brian Williams, and talked to him about the possibility of asking A [REDACTED] about the claim. Brian said he advised A [REDACTED] not to speak with the M [REDACTED] any longer so ridiculous claims like this might stop. Brian said A [REDACTED]'s presentence investigation, as well as the testimony of witnesses of A [REDACTED] and other witnesses, dispute this fact. A [REDACTED] sticks with the fact he only hugged A [REDACTED] during the wedgie and not during the hanger incident. Brian did not want A [REDACTED] spoken to any more about it.

Timber Creek High School

School Name

220-907-005

County-District-Campus No. (If Applicable)

## Verification of Enrollment and Attendance (VOE) Form

**Planned Use of Data:** To provide documentation of enrollment and attendance status to the Texas Department of Public Safety (DPS) for a student applying for an instruction permit and/or a license to operate a motor vehicle. The student presents the completed form to DPS. DO NOT return this form to the Texas Education Agency.

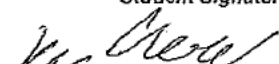

**Authority:** The Texas Transportation Code (TRC) requires students who have not obtained a high school diploma or its equivalent to be enrolled in a public, charter, home, or private school; GED Program; or Institution of Higher Education and meet specific enrollment conditions to obtain or renew a license. This requirement applies to persons under 18 years of age.

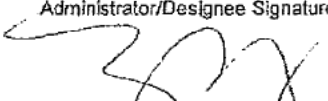

**Contacts:** Contact local DPS driver license office or DPS Headquarters website: [www.txdps.state.tx.us](http://www.txdps.state.tx.us) and e-mail: [pio@txdps.state.tx.us](mailto:pio@txdps.state.tx.us) (512-424-2000) or Texas Education Agency website: [www.tea.state.tx.us](http://www.tea.state.tx.us) and e-mail: [nina.saint@tea.state.tx.us](mailto:nina.saint@tea.state.tx.us) (512-463-9574).

**Issuing VOE Forms:** SEE flow chart for issuance at <http://www.tea.state.tx.us/safedriver/voe04.html>. The issuance or denial of the VOE form is strictly a local school, charter, GED program, or institution decision. Neither TEA nor DPS can alter a VOE decision. Schools, Charters, GED programs, and Institutions of higher education can impose and enforce conditions and restrictions on enrollment and attendance as it pertains to VOE eligibility that exceed minimum restrictions defined by law and rule. It is recommended that schools, charters, GED programs, and institutions of higher education clearly outline all requirements for issuance of the VOE form and establish a formal, published policy to support the requirements. The VOE form does not have to be signed by the student in the presence of the person certifying attendance. The signature of the student can be placed on the form before or as it is presented to DPS. NOTE: Texas Education Code 25.092 (excerpted), Minimum Attendance for Class Credit, states that a student may not be given credit for a class unless the student is in attendance for at least 90 percent of the days the class is offered. The 90 percent attendance rule applies when determining VOE eligibility. Schools can accept decisions of attendance committees when considering VOE eligibility. Summer school does not count as make-up time for attendance purposes unless the attendance committee makes summer school attendance a part of a student's plan to make up days missed. For students in grades eight and below, absences may be aggregated on the basis of a scholastic year. For students in grades 9-12, absences may be aggregated on the basis of a scholastic semester (traditional, condensed, accelerated, block, etc.). THE STUDENT SHOULD BE CONSIDERED ELIGIBLE FOR THE VOE FORM WHEN 1) the school considers the student currently enrolled at the time the student applied for the VOE forms AND 2) the school awarded a student credit for each class the semester prior to application for the VOE form OR the student was not awarded credit for each class the semester prior to application for the VOE form (academic failure). The school examines attendance records for the semester prior to application for the VOE form and determines that the student was present 90 percent of the time each class was offered OR the student was absent more than 10 percent and did not meet the 90 percent attendance rule for one or more classes the semester prior to application for the VOE form. The school attendance committee and/or administration approve a plan to allow the student to reinstate the credit for all classes. The student complies with the plan and credit for all classes the semester prior to application for the form is reinstated.

**A student must meet one of the following requirements to receive the VOE form. The individual certifying attendance verifies on behalf of the school, program, or institution the following as true and correct by marking the appropriate box and affixing a legal signature to this form.**

- ☒ **Public, charter, home, or private schools:** The public, charter, home, or private school should mark this box and issue the form to any student who is (1) currently enrolled (2) who met minimum attendance for class credit (90 Percent Rule) in each class they were enrolled in the fall or spring semester immediately preceding the date of application for the form.
- ☐ **GED programs:** GED programs mark this box and issue the form to any student who (1) is currently enrolled, (2) has been enrolled in the program for a minimum of 45 calendar days, and (3) is meeting the attendance requirements prescribed by the GED program.
- ☐ **Institutions of higher education:** Institutions mark this box and issue the form to students who have not obtained a diploma or its equivalent but are enrolled and attending as prescribed by the institution. Note: Institutions can issue a letter signed by an official of the institution stating that (1) the student is currently enrolled and (2) the student is meeting the institution's attendance requirements instead of issuance of this form.

The VOE Forms issued during the school year (traditional, year round, etc.) expire 30 days from issuance.  
The VOE Forms issued the last 5 days of the school year expire the first day of the following school year.

Schools may personalize and/or develop their own VOE form provided all pertinent information contained on this form is incorporated. THE VOE DOCUMENT IS A GOVERNMENT RECORD AS DEFINED UNDER TEXAS PENAL CODE, 37.01(2). ANY MISREPRESENTATION BY THE APPLICANT OR PERSON ISSUING THE FORM MAY RESULT IN DENIAL OF AN APPLICATION FOR A TEXAS DRIVER'S LICENSE AND/OR CRIMINAL PROSECUTION.

**SYNOPSIS:**

ON 12/28/2016, OAG Paralegal Catherine Minyard gave me a USPS Priority Mail envelope that had been sent to the Office of the Attorney General. The envelope was addressed to Casey Hemmer and had been opened. Upon looking inside the envelope, I found it to contain a white metal hanger folded with a post-it note attached. The post-it note stated, "Insert this end first". I processed the item as evidence and conducted follow up to determine the identity of the sender.

**INVESTIGATIVE INFORMATION:**

1. The following is a description of envelope: The envelope is a United States Postal Service priority mail envelope, 12.5" x 9.5" in dimensions. The "From" section was filled out with what appeared to be medium blue pen ink. The envelope shows the sender to be Lyle Sweeney, [REDACTED]. The "To" section is also filled out in medium blue pen ink. The envelope is addressed to Casey Hemmer, Deputy Attorney General, Office of Attorney General, 700 W. Jefferson St. PO Box 83720 Boise, ID 83720-0010.
2. Inside the envelope was a metal white clothes hanger. The hanger is bent at the center and at a point below the hook end. Attached to the hook end, is a light green post-it note. The post-it note is also attached to the hook end of the hanger with transparent tape. On one side of the post-it note is the inscription, "Insert this end first". There is nothing else inside the envelope.
3. I queried the Accurint database for Lyle Sweeney and discovered the following:
  - a. Lyle David Sweeney; date of birth [REDACTED]; SSN# [REDACTED] with two associated addresses.

- i. [REDACTED] valid from 1/2006 to 12/2016.

b. Associated phones numbers for Lyle David Sweeney are [REDACTED] and [REDACTED].

c. Relatives listed as, [REDACTED]  
[REDACTED]  
[REDACTED] as their current address.

4. I queried Facebook.com for other identifying information for Lyle Sweeney and discovered the following:
  - a. I found a Facebook account under the name Lyle Sweeney where it states he lives in San Francisco, California.
  - b. In the friends section are the names Rebecca Ford, Cheri Sweeney, Nancy Sweeney, and Dena Sweeney. These names match the information provided by the Accurant database.
5. A driver's license inquiry for Lyle David Sweeney in the States of Idaho and Oregon produced negative results. A valid California Driver's License was found under DL# [REDACTED]. The driver's license shows a most recent address of [REDACTED].
6. I took photos of the envelope and contents prior to submitting the items into evidence.

**ATTACHMENTS:**

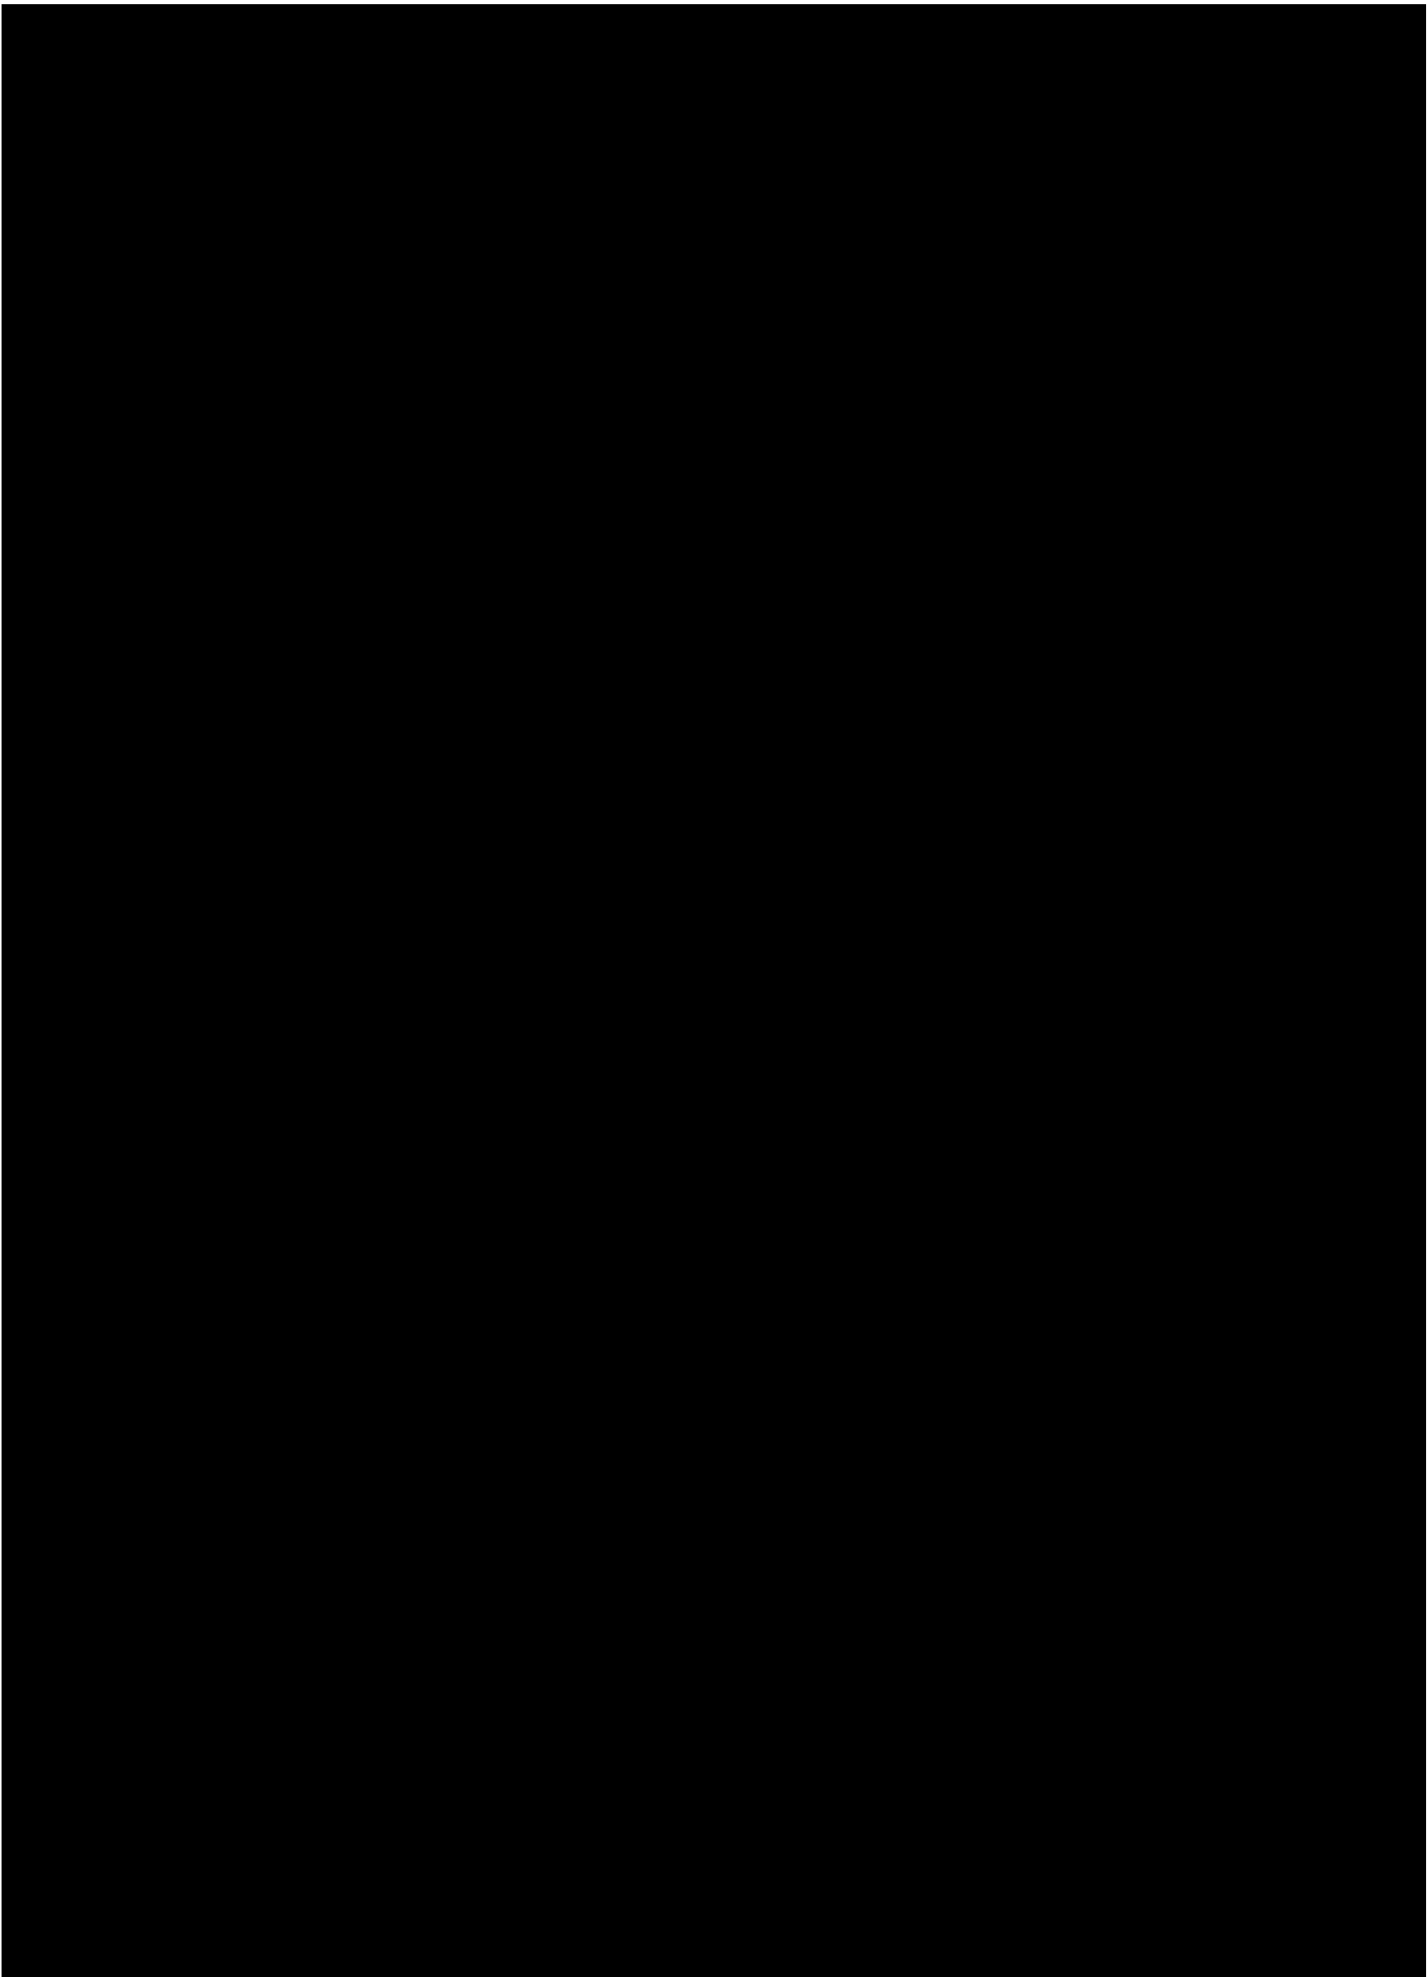

1. Facebook photo of Lyle Sweeney from Facebook link, [www.facebook.com/\[REDACTED\]](http://www.facebook.com/[REDACTED])
