PowerSchool Cyber Incident

Today, January 9, 2025, we had our network managers, TruLeap Technologies, investigate our network. At 4:03 pm they confirmed that we had a data breach, with data being exported from PowerSchool.

We received an email from PowerSchool on January 7th, 2025, stating that our data was not impacted. The decision was made to investigate the matter closer on January 9th, 2025.
