Consumer Protection Division

RE: PowerSchool SIS Cybersecurity Incident

Dear Attorney General Labrador:

On January 7, 2025, PowerSchool informed our leadership team that they experienced a cybersecurity incident involving unauthorized access to certain PowerSchool SIS customer data. We have reviewed our audit logs and have verified the taken data primarily includes parent, student and staff contact information with data elements such as name and address information. We informed our parents and staff along with the Idaho State Board of Education, Idaho Department of Education and ICRMP. We do not store any financial information, social security number etc. in our SIS System.

We continue to monitor updates from PowerSchool. Let us know if you have any questions.

Sincerely,

Cathy Richardson  
IT Director
