Re: Notice of Data Security Incident

Dear Attorney General Labrador:

This notice is provided on behalf of my client, Chief Tahgee Elementary Academy (“Chief Tahgee”). Recently, Chief Tahgee discovered several fraudulent wire transfers. Chief Tahgee notified law enforcement and began an investigation with the assistance of legal counsel and a nationally-recognized cyber security and digital forensics firm. Through the investigation, Chief Tahgee learned that a single employee email account was subject to unauthorized access and that approximately 50 emails and/or email attachments may have been downloaded by the threat actor. Working with its investigators, Chief Tahgee reviewed the emails to identify any personally identifiable information (“PII”). On Monday, January 27, 2025, Chief Tahgee discovered that this incident involved likely unauthorized acquisition of personal information, as defined by Idaho law. Chief Tahgee will be providing written notice of this incident to the identified impacted individuals, together with an offer of complimentary credit monitoring where appropriate.

Chief Tahgee is also notifying the Idaho Office of Risk Management and Idaho Chief Information Security Officer regarding this incident. Upon completion of its investigation, Chief Tahgee will submit a supplemental notice to this Office, including a sample notification letter.

Please do not hesitate to contact me if you have any questions or concerns.

Sincerely,

/s/ Matthew H. Meade, Esq.
