Re: PowerSchool Cybersecurity Incident

Dear Office of the Attorney General:

I am writing to notify you that Kendrick Joint School District 283 experienced a data breach that resulted in student and staff personal information being taken from our student information system (SIS).

Upon looking into the logs, it was determined that on 12/22/2024 a threat actor using PowerSchool Maintenance credentials provided by PowerSchool accessed our School Information Server and exported information from the Students and Teachers tables. 523 Student and 91 Teacher records were extracted from our system.

PowerSchool has informed us that they have closed the breach and they are working on communication materials for us to be able to distribute to parents and staff.

If you have any questions, please feel free to reach out to me @ 208-289-4211.

Sincerely,

Steve Kirkland
Superintendent of Schools
Kendrick Joint School District 283
